RUSSIANS BATTLE WITH CHINESE

WOMAN KILLED BY THE BERKELEY TRAIN

TRYING TO PREVENT TROUBLE IN THE WINDY CITY.

Strikers Board the Cars, Pay Their Fares and Do Everything They Can to Avert Violence.

CHICAGO, November 13.—Though there was much excitement and the streets were thronged with people, little actual trouble was experienced by the leading cars on Wentworth avenue line during the trip to the business district.

The cars started on the return trip on almost schedule time.

Four teamsters were arrested at intervals along the way for attempting to block the way and were put aboard the cars.

Assistant Chief of Police Schwettler accompanied the leading cars down town and back.

Five union men boarded different cars soon after the start, paid their fares, and during the round trip used their influence to avert violence.

GREAT FOOTBALL RALLY AT THE UNIVERSITY.

JOHN A. BRITTON.

John A. Britton Gives Some Good Advice to the Students.

BERKELEY, Nov. 13.—The greatest enthusiasm prevailed at the University meeting held today in Harmon Gymnasium, when a telegram from Governor George C. Pardee, who was unable to be present on account of a cold, was read. The telegram said:

"TELL THE FOOTBALL TEAM THEY MUST WIN. TELL THE MEN AND WOMEN THEY MUST HELP. CALIFORNIA MUST WIN THE GAME. TELL EVERY STUDENT TO DO HIS OR HER FULL DUTY. SECRETARY ARTHUR ELSTON AND I HAVE EVERY HOPE THAT THE BLUE AND GOLD WILL WAVE ABOVE THE CARDINAL."

The meeting was the final football rally of the year. Governor Pardee was repeatedly cheered, and each time the name of Captain Overall of the 'Varsity was mentioned he was given a tremendous ovation by the rooters.

The first speaker was Regent John A. Britton who said in part:

"I come this morning as a member of one of the most honorable bodies of the State. I feel embarassed at this, my first appearance among you. Were I an alumnus, my embarrassment would soon wear off. I do not belong to that party which has made California foremost in the country, but I have watched it grow from a small hut to what it is today.

"As for myself, I want to here express great appreciation of Governor Pardee for making me a member of the Board of Regents. I hereby pledge that I shall do all in my power for the good of the University.

"I want to say much, but I am afraid that I will have to leave considerable unsaid."

After telling an anecdote, Mr. Britton went on to say that what he wanted to impress upon the students is what the world wants.

"It wants the men who are in the first rank and who are imbued with the spirit of action, force and strength, always keeping their eye on the goal to which they are aspiring. There is no room for laggards. Point your eye to a goal and fix to that goal the motto: 'Rush onward or you will be left behind.'"

A vivid picture of life was then drawn by Mr. Britton, who illustrated his words with football terms.

"And you, men and women of California, how doubly blessed you are. Through the munificence of the State and individuals there has been built up a university that is second to none in the world."

The speaker closed his address by saying: "Let us believe in the team, and instead of a score of 6 to 0, let us have it 16 to 0, for that is the gold standard of the United States, and the Blue and Gold should bear up that standard."

Before taking his seat, Mr. Britton had the rooters give the "Oski Wow Wow" yell.

Other speakers who gave brief addresses were Professor George C. Edwards, Professor Alvin Putzker and Dr. Flint.

BOARD OF HEALTH.

The Board of Health will meet in regular monthly session this evening.

NELSON IS SAVED BY EDITH

Twice Abandoned Vessel is Brought Into Port.

She Was Wrecked Off the Coast of Oregon Few Days Ago.

SAN FRANCISCO, Cal., Nov. 13.—The steam collier Edith, with the abandoned steamer Charles Nelson in town, arrived here today.

The Charles Nelson was wrecked off Umpqua, on the Oregon coast, on November 5, by the shifting of her deckload of lumber, all on board being saved.

She was picked up and towed a while by the steamer Aurelia, which was forced to cut loose by bad weather.

The Nelson was then taken in tow by the Edith, on her way down the coast from Tacoma.

RUSSIANS IN BATTLE.

Encounter Force of Chinese and Open Fire.

TIEN TSIN, Nov. 13.—It is reported here that Russian troops marching towards Shan Hai Kwan, encountered a force of Imperial Chinese troops and that fighting ensued, the Russians, it is asserted, pretending that the Imperial force was a band of Chinese robbers. Altogether over 1000 Imperial troops have crossed the frontier into Manchuria.

YELL IS THE MAN.

He Will Be Elected Warden of Folsom Prison.

SAN QUENTIN, Cal., November 15.—The Board of State Prison Directors met today. During the morning only routine business was transacted.

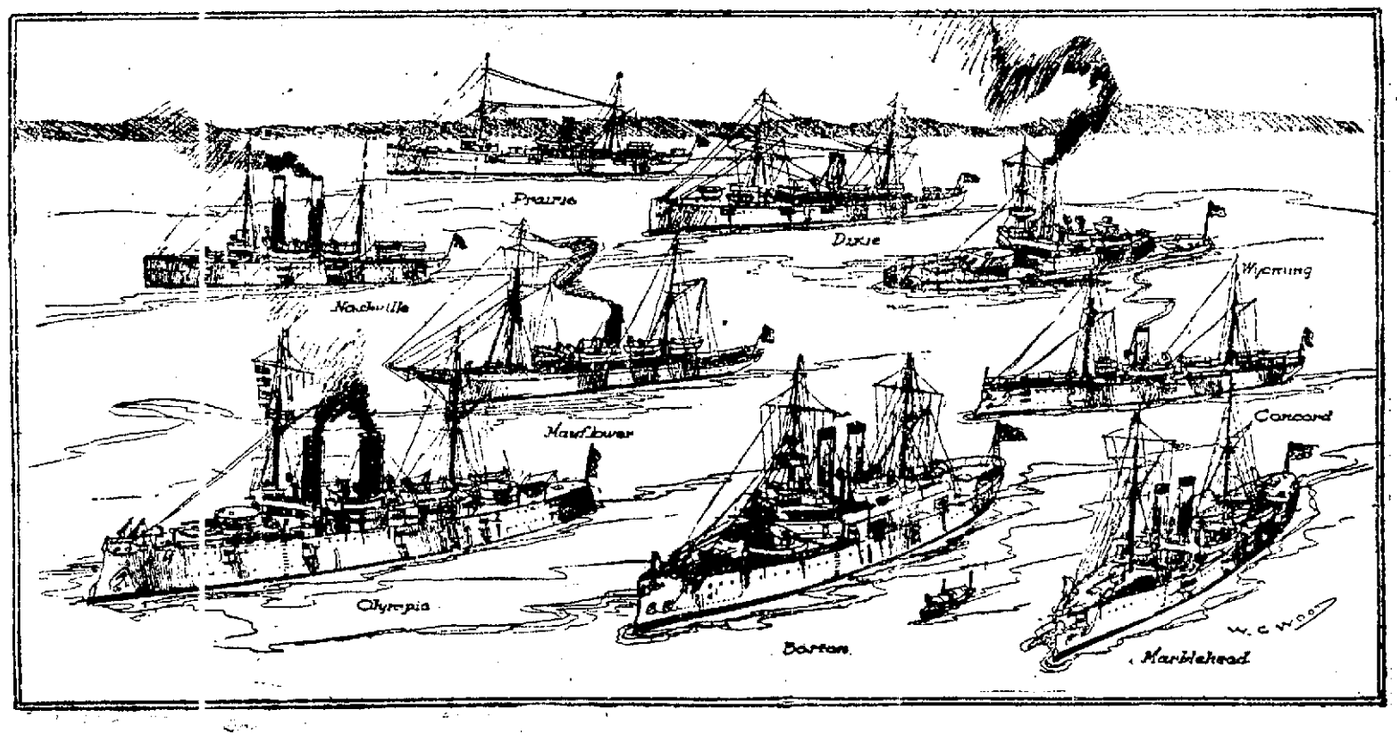

It is understood that this afternoon a warden for the Folsom penitentiary will be elected.

The general impression here is that Archibald Yell of Sacramento will be chosen.

DEATH OF A CHILD.

Evaline A. Pereira, infant daughter of Mr. and Mrs. Manuel Pereira, died this morning at 60 Spring street. The funeral will take place Sunday, with interment in St. Mary's Cemetery.

NEW REPUBLIC OF PANAMA NOW STANDS WITH THE NATIONS OF THE WORLD.

THESE ARE THE VESSELS WHICH PRESIDENT ROOSEVELT HAS IN SOUTHERN WATERS TO PROTECT THE REPUBLIC OF PANAMA. THEY ARE WITHIN CALL OF THE NAVY DEPARTMENT.

President Roosevelt Cordially Receives the Minister From the Republic of Panama at the White House.

WASHINGTON, November 13.—President Roosevelt today formally received M. Philippe Bunau-Varilla, the duly accredited envoy extraordinary and minister plenipotentiary of Panama to the United States. The reception of the minister marked the birth of the new Republic of Panama into the family of nations and paves the way for negotiations between the United States and the infant republic precisely as they may be conducted between other sovereign nations.

AT THE WHITE HOUSE.

The ceremony incident to the reception of Minister Bunau-Varilla and the presentation of his credentials occurred in the Blue room of the White House at 9:30 o'clock this morning. At a few minutes before that hour Mr. Bunau-Varilla, accompanied by Secretary of State Hay in the latter's state carriage, was followed by a landau, the only occupant of which was Minister Bunau-Varilla's young son. Secretary Hay and the new minister both attired in conventional morning dress, entered the White House, accompanied by the minister's son, and were shown into the Blue room. They were joined almost immediately by the President and Secretary Loeb.

ACCREDITED MINISTER SPEAKS.

Secretary Hay formally presented M. Bunau-Varilla to the President as the accredited minister of the Republic of Panama. Minister Bunau-Varilla, in presenting his credentials, delivered a brief address to which the President feelingly responded. The exchange of addresses was impressive, by reason of the circumstances and the addresses themselves are regarded as felicitous and patriotic. Minister Bunau-Varilla spoke as follows:

"Mr. President: In accordance to the minister plenipotentiary of the Republic of Panama, the honor of presenting to you his letters of credence you admit into the family of nations the weakest and last-born of the republics of the new world.

"It owes its existence to the outburst of the indignant grief which stirred the hearts of the citizens of the isthmus on beholding the despotic nation which sought to forbid their country from fulfilling the destinies vouchsafed to it by Providence. In consecrating its right to exist, Mr. President, you put an end to what appeared to be the interminal controversy as to the rival waterways and you definitely inaugurated the era of the achievement of the Panama Canal.

"From this time forth the determination of the future of the canal depends on two elements, now brought face to face singularly unlike as regards their authority and power, but wholly equal in their common and ardent desire to see at last the accomplishment of the heroic enterprise for piercing the mountain barrier of the Andes.

EUROPE TO ASIA.

"This way from Europe to Asia, following the pathway of the sun, is now to be realized. The early attempts to find such a way unexpectedly resulted in the greatest of all historic achievements—the discovery of America. Centuries have since rolled by, but the pathway sought has hitherto resulted in the realm of dreams. Today, Mr. President, in response to your summons, it becomes a reality."

ROOSEVELT'S REPLY.

In response, President Roosevelt said: "Mr. Minister:—I am much gratified to receive the letters whereby you are accredited of the United States in the capacity of Envoy Extraordinary and Minister Plenipotentiary of the Republic of Panama.

"In accordance with its long-established rule, this Government has taken cognizance of the act of the ancient territory of Panama in asserting the right of self-control, and seeing in the recent events on the isthmus an unopposed expression of the will of the people of Panama and the confirmation of their declared independence by the institution of a de facto government, republican in form and spirit, capable and resolved to discharge the obligations pertaining to sovereignty, we have entered into relations with the new republic.

"It is fitting that we should do so now, as we did nearly a century ago when the Latin people proclaimed the right of popular government, and it is equally as fitting that the United States should be the first to stretch out the hand of fellowship and to extend to the new state the rules of equal intercourse that regulate the relations of sovereignties toward one another.

"I feel that I express the wish of my countrymen in assuring you, and through you the people of the Republic of Panama, of our earnest hope and desire that stability and prosperity shall attend the new state, and that in harmony with the United States it may be the providential instrument of untold benefit to the civilized world through the operation of a highway of universal commerce across its exceptionally favored territory.

"For yourself, Mr. Minister, I wish success in the discharge of the important mission to which you have been called."

After a brief chat and the exchange of personal felicitations Secretary Hay and Minister Buna-Varilla withdrew. The latter, accompanied by his son, drove directly to his hotel, while Secretary Hay returned to the State Department.

MRS. WEIR KILLED AT BERKELEY.

Mrs. Robert Weir, wife of a member of the Board of Education, one of the most prominent women of the college town, was struck and almost instantly killed by the 3 o'clock Berkeley local train. The accident happened on Shattuck avenue and Center street. She was crossing the track when she was run down. The body was badly mutilated. She leaves a husband and two children, Miss Lulu Weir, a student in the State University, and Robert Weir, a civil engineer.

SENATOR HANNA CALLS A MEETING OF COMMITTEE.

WASHINGTON, Nov. 13.—Senator M. A. Hanna, chairman of the Republican National Committee, today mailed to each member of the committee a letter, calling them to meet at the Arlington Hotel, Washington, on Friday, December 11. The call is signed by Perry S. Heath, secretary. The committee will meet on Friday for the purpose of appointing a sub-committee and on Saturday morning will hear the claims of the cities aspiring to be selected as the place of holding the 1904 convention.

METCALF WOULD NOT VOTE ON CUBAN TREATY.

WASHINGTON, November 13.—The House Committee on Ways and Means today authorized a favorable report on the bill making effective the Cuban reciprocity treaty, by a vote of 14 to 2. Mr. Metcalf (Republican) of California was present, but did not vote, and Messrs. Robertson (Democrat) of Louisiana, and Cooper (Democrat) of Texas voted against the bill.

Two amendments were offered in committee, but both were rejected by the Republican vote. One extended the provisions of the treaty to all other countries. The other abolished the differential duty on refined sugar. The report says:

"The enactment of the bill into law is necessary to give effect to the convention providing for reciprocal trade between this country and Cuba. This results not merely because the convention itself provides that it shall not take effect until the same shall have been approved by the Congress, but because the constitution gives no power to the President and the Senate to make a convention or treaty changing the rates of revenue. That power now is expressly lodged in the Congress. It is not intended here to cite authorities or advance reasons on this proposition.

"It is not intended here to cite authorities or advance reasons on this proposition. The records of Congress abound with unrefuted arguments on the affirmative of this connection and the practice of Congress has been uniformly in the same direction.

"The President has deemed the subject of sufficient importance to convene an extra session of Congress in order that the convention may become effective before the commencement of the harvest of the new sugar crop in December.

"This legislation will result in no harm to any American industry. The product of this country, like the articles embraced in this convention now imported from Cuba, receive the very highest protection of any in the same schedule. The duty on sugar was placed above the protective point for the purpose of revenue. The bill provides for a reduction in the interest of reciprocal trade agreement, which it authorized the President to make. The duty on tobacco has for years been much higher than any necessity required, on account of the competition of Cuban tobacco. The reduction in this bill leaves it equally protected."

The report closes with an argument setting forth the advantages to both this country and Cuba which will result from a reciprocal agreement upon the legislation.

POPULAR COUPLE MARRIED.

MISS SHREVE BECOMES THE BRIDE OF FRANK M. PARCELLS.

ALAMEDA, Nov. 13.—A wedding of much interest to society on both sides of the bay was solemnized in this city last night, when Miss Mary S. Shreve, the daughter of George W. Shreve of 1865 Santa Clara avenue, became the bride of Frank M. Parcells, the prominent young attorney and club man of Oakland. The ceremony was performed at the home of the bride by the Rev. Charles Brown of the First Congregational Church of Oakland. Over one hundred friends of the young couple were present.

The bride, attired in a handsome gown of white chiffon over white silk and carrying a magnificent bouquet of bride's roses, was attended by Miss Alice Hiller as maid of honor, and her sisters, Miss Ella and Miss Ruth Shreve as bridesmaids. Miss Hiller was gowned in white and carried white chrysanthemums. Will O. Morgan of Oakland was best man.

The house presented a very pretty appearance, pink and white making an effective color scheme. The floral decorations consisted of pink and white chrysanthemums and foliage.

Mr. and Mrs. Parcells left for a honeymoon trip East, and will reside, upon their return, with Mrs. Parcells Sr., at 1409 Webster street.

Among the guests were Dr. and Mrs. J. L. McLean, Mr. and Mrs. Charles Kellogg, Mr. and Mrs. E. C. Morrison, Mr. and Mrs. William S. Noyes, Mr. and Mrs. Bartholemew Noyes, Mr. and Mrs. M. F. SCAVENGER FINED.

ALAMEDA, November 13.—A. Mussi, a scavenger, was arrested this morning for dumping garbage within the city limits and was fined $6 by Judge Cone.

WILL BE A SORRY JOKE FOR ROCCO.

Salvatore Rocco was again before the Police Judge this morning. This time it was for stealing a horse from Felix Bonneau, who lives on Santa Fe avenue in Golden Gate.

The boy, who is about 16 years of age, attempted to sell the animal, which Bonneau values at $50 or $60, to W. C. Moran for $10. Its cheapness caused Mr. Moran to make some inquiries and Salvatore said he had bought the horse at a stable in San Francisco. He was told that if his story was found to be correct, after examination, he would be given his money. Rocco signed a bill of sale, went away without his pay, and was not seen by Moran until after his arrest.

Shortly after the transaction by the boy Mr. Bonneau appeared and told Moran the animal had been stolen from him.

Rocco acted as if he thought the whole thing was a joke, but he was held to answer to the Superior Court in $1000. Yesterday he was bound over on another charge of grand larceny for stealing a bicycle in the sum of $500.

DIVORCE DECREES CHANGED.

Three orders were made this morning by Judge Melvin changing absolute divorce decrees, granted prior to the recent ruling of the Supreme Court on the matter, to interlocutory decrees. The decree of F. J. Meckfessel of a divorce from Mary E. Meckfessel on the grounds of extreme cruelty was changed to an interlocutory decree.

Divorce granted George M. Sanford from Anna B. Sanford on the grounds of extreme cruelty, and the divorce granted O. C. Brown from Sophie M. Bryan on the ground of wilful desertion were also changed.

ADMITS WILL TO PROBATE.

The will of the late Margaretha Brelling was admitted to probate this morning by Judge Hall, and Oscar F. Brelling and Julia Brelling were appointed executor and executrix jointly of the will without bonds.

WISHES APPOINTMENT REVOKED.

ALAMEDA, November 13.—The following communication from Chief of Police Conrad, under date of November 12, is self-explanatory:

"To the Honorable Board of Trustees—Gentlemen: On May 4, 1903, George W. Wolfe was appointed a special police officer for the railroad, he at that time being in the employ of the Southern Pacific Company as a gateman. Since then he has left their employ. I therefore request that his appointment be revoked. Respectfully yours,

"JOHN CONRAD,
"Chief of Police."

ENGAGEMENT ANNOUNCED.

ALAMEDA, November 13.—The engagement of Charles Albert Randlett, son of Mr. and Mrs. Edward E. Randlett of this city, and Miss Anna Louisa Guenther of Sacramento has been announced. Mr. Randlett is a prominent member in the Encinal yachting set. The wedding will occur Wednesday, November 25, at the German Lutheran Church in Sacramento.

TO MAKE STREET A ROADWAY

PROPOSITION TO TURN WEBSTER STREET OVER TO COUNTY.

ALAMEDA, November 13.—At the meeting of the West End Improvement Association last night George Dennis, a member of the committee on the Webster street roadway, reported that he had consulted with Assemblymen Knowland and Bates of this city as to the feasibility of having Webster street declared a county road, thus relieving Alameda of a share of the expense incurred in improving it. Mr. Dennis stated that Messrs. Knowland and Bates has assured him of their co-operation in presenting the matter at the next session of the Legislature. He quoted Mr. Knowland as saying that if the people of Alameda so desired, he and his colleague would draft a bill providing for the turning over of the road to the county and would use their influence to assure its success.

Little was said of the proposition to do away with the Italian vegetable gardens, and the matter of laundry smoke and soot was left absolutely untouched.

APPEAL IS MADE FOR AID

STATE COMMITTEE ASKS FOR HELP TO PRESERVE BIG TREES.

ALAMEDA, November 13.—The Calaveras Big Tree Committee of the Outdoor Art League of this State has communicated with the Board of Trustees with a view towards enlisting its aid in the effort now being made to protect and preserve the mighty trees of Calaveras.

The communication reads in part as follows: "A bill for the purchase of the Calaveras big trees of California by the Government is to be presented at the coming session of Congress by the Hon. J. N. Gillette, Hon. J. C. Needham and the California delegation.

"The Outdoor Art League has resolved to make the preservation of the Calaveras groves a national affair, and to this end a council is being organized by influential men and women in each State, whose purpose is to aid in forming a strong Congressional committee whose duty shall be to act in conjunction with the California Representatives in devising ways and means for securing the passage of the Big Tree Bill.

"Will you become a member of your State council and aid in forwarding the interests of the Calaveras Big Tree Bill?"

The communication is signed by Mrs. Lovell White, chairman of the committee. There is enclosed a pamphlet containing excerpts from the report made on the big trees by the Division of Forestry.

The communication will be considered Monday night.

THE LATEST NEWS.

MURDERED IN NEW YORK.

Andrew Green Was Shot Down By Colored Man.

NEW YORK, Nov. 13.—Andrew Green, "the father of Greater New York) was shot several times this afternoon at Thirty-ninth street and Park avenue by Cornelius M. Williams, colored) who has been arrested. Mr. Green died almost immediately.

UNION MEN ARE AT OUTS

TACOMA, Wash., November 13.—Local Union, No. 470, United Brotherhood of Carpenters and Joiners, voted last night to withdraw from the Tacoma Trades Council and will now treat independently as a union with the Contractors' Association to effect a settlement of existing differences.

The plumbers left the Trades Council early in the difficulty with the contractors. D. C. Lillis, walking delegate for the Trades Council, says the other unions will stand by the Trades Council.

THOUSANDS JOIN RANKS

CINCINNATI, Nov. 13.—Mrs. Susanna M. D. Fry, corresponding secretary of the National W. C. T. U., today made the following report:

The national organizers report 332 unions organized with 9547 members. This does not include the work of State or local organizers. The receipts of the Willard memorial fund were $4138. A larger number of W. C. T. U. institutes were held during the past year than ever before. Eleven States have made a gain of 500 or over new members above all losses, and some of them well on toward 2000 new members, which goes to prove that the W. C. T. U. is marching on with a regular and measured swing. Thirty-five other States report an increase of membership.

The report of Mrs. Helen M. Barker, the treasurer, showed the gain in membership for the year was 6954. The total receipts were $26,177, and the expenditures $25,500, the balance on hand being $778.

STRIKE ENDED.

DENVER, Colo., Nov. 13.—Operators in the northern coal field and representatives of the miners will meet at Louisville this afternoon and endeavor to reach an agreement whereby the mines can be reopened.

It is said the operators are ready to concede the eight-hour day and the miners to accept a lower wage-scale and the prospect is bright for an adjustment of the trouble in the northern field.

The strike was settled late this afternoon.

FROZEN SALMON SHIPPED EAST.

TACOMA, Wash., Nov. 13.—A carload of frozen salmon left Tacoma yesterday for New York by rail en route to Hamburg, Germany. It will be followed by several large shipments. The transit will be made in refrigerator cars and steamers.

HARD STORM IN KIRKSVILLE, MO.

KIRKSVILLE, Mo., Nov. 13.—A hard snowstorm set in here today. The ground is covered. This is the first snowstorm of the season in this State.

NO TROOPS FOR THE ISTHMUS.

United States Will not Send Soldiers to Panama.

WASHINGTON, November 13.—War Department officials have reached the determination that the situation at Panama does not warrant the sending of troops there.

Both Secretary Root and Lieutenant-General Young, chief of staff, today authorized the statement to be made that no orders have been issued for any troops to proceed to the isthmus and that none is in contemplation.

SHE MARRIED THE CONDUCTOR.

BERKELEY, November 13.—The news has just leaked out of the secret wedding of Miss Ida Mauriece of South Berkeley and G. H. Tubbs of Chicago. Two months ago, while on her way to this city, the young woman met Mr. Tubbs, who was a Pullman conductor. Their acquaintance gradually ripened and the romance ended in their wedding. The couple did not notify their most intimate friends of the marriage and it was by accident that the news became public.

PRISONER TRIED TO TAKE HIS LIFE.

George Ormerod tried to shorten the 120 days' sentence given him this morning, at 8:30 o'clock p. m. He wrapped a blanket about himself, climbed up to the fixture in the new City Prison and turned on the gas.

The other prisoners gave the alarm and Officer Curtiss rushed in and pulled him away. Health Officer von Adelung was summoned and soon brought him around.

CONDITION OF THE COLORED PEOPLE

OMAHA, Neb., November 12.—Interest at the morning session of the general missionary committee of the Methodist Episcopal Church entered in the discussion of the present conditions of the colored people, especially in the South.

Two members of the colored committee, who are themselves colored men, Rev. Dr. Walker H. Nelson, of Huntsville, Ala., and Rev. Dr. Henry A. Monroe, of Philadelphia, Pa., made eloquent appeals for the support of the work among their people.

No suggestions were made by committees looking to the withdrawal of support where this was evidently needed and in a number of cases, additional grants were made above those of last year.

Especial attention was called to the rapid influx into Oklahoma and an appropriation of $14,500 was made for the work in that Territory.

DISASTROUS FIRE IN THE NORTH THIS MORNING.

CHICO, Cal., Nov. 13.—A disastrous fire which destroyed the planing mill and box factory of the Sierra Lumber Company, occurred early this morning. The fire originated in the center of the mill and was discovered by the night watchman. When the fire department reached the scene, the factory was a mass of flames and attention was turned to saving the lumber piled in the yards adjoining. Rains had dampened the lumber, amounting to about 12,000,000 feet and it was saved. The mill and factory are a total loss. About sixty employes are thrown out of work and large building operations in this vicinity are hampered by the fire. The loss is estimated at $40,000; insurance, $16,000.

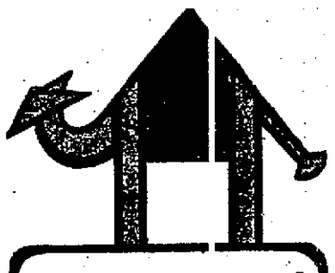

A temporary mill will be immediately erected pending reconstruction of the burned plant.

GOVERNOR PARDONS WOMAN

SACRAMENTO, Cal., Nov. 13.—Governor Pardee today granted a pardon to an Indian woman named Sinda Chippe, who had been sent to San Quentin from Modoc county a short time ago to serve a term of one year for burglary. It has been learned that the woman is about to become a mother, and for this reason the Governor has restored her to liberty. She will be released next Monday.

APPOINTED RECEIVER FOR A DEFUNCT BANK.

CRIPPLE CREEK, Colo., November 13.—District Judge Seeds today appointed V. B. Cosad a real estate and mining broker, as receiver for the Bimetallic Bank, a State institution, which closed its doors on November 5 and subsequently made an assignment to Charles C. Butter. The Court ordered the assignee to turn over to Receiver Cosad all the bank's assets. Receiver Cosad's bond was fixed at $350,000. An appeal was taken from Judge Seed's decision to the Court of Appeals by the New York officers.

GUARDIAN OF THE TUNNEL

PROVISIONS MADE TO KEEP TUNNEL AND ROAD IN GOOD CONDITION.

Despite the fact that the road to the tunnel on the Contra Costa side of the mountain is, as yet, in an incomplete condition, owing to the resurfacing of the same with rock, the travel over the tunnel route between Contra Costa and Alameda counties is more than twice what it was before the great bore was made. This traffic will be greatly increased when the resurfacing referred to shall be completed.

Since the opening of the tunnel, the weather has been rainy but the downpour has not in any manner injured the new roadway on this side of the divide.

To guard against injury to the thoroughfare as a cause of a heavy rain storm, as also to keep the road constantly in good condition, Supervisor Rowe has employed a man whose duty it will be to patrol the driveway constantly and act as occasion requires. Material will be always on hand to fill holes and implements will be supplied to remove any obstruction of earth or rock which may be occasioned by a slide from the abutting hills. This road repairer is also custodian of the tunnel and will see that the big bore is not injured maliciously and report immediately to Supervisor Rowe, any serious accident which may take place there or along the line. The headquarters of the custodian will be in a timber hut near the south entrance to the tunnel at which place also will be the stable and implement storeroom which will be stocked by the County Supervisors.

At the next meeting of the Merchants Exchange the question of having a committee call upon the Central California Improvement Association and formally ask that body to take cognizance of the completion of the new tunnel and the means it affords tourists and home-seekers to reach the most beautiful and prolific sections of Alameda and Contra Costa counties.

WILL TRY TO GAIN FREEDOM.

An effort is to be made to obtain the release of Thomas Gomez on parole from San Quentin Prison. He was sentenced from this county to serve twenty-five years and has now done half of the time. It is claimed that the length of sentence given him was owing to the fact that he had a prior conviction standing upon the records against him. It is now alleged that this was a mistake.

Attorneys A. L. Black and J. L. McVey went before the Board of Prison Directors today for the purpose of pleading Gomez' case before that body. They state that the prior conviction was illegal. Gomez they state, was sent to the reform school, but they contend that this is not a conviction within the meaning of the law. They are in the hopes that the board will take this view of the case and consent to the release of the prisoner on parole.

WANTS TO HELP THE PHILIPPINES.

WASHINGTON, November 13.—Senator Lodge has introduced a bill providing for the removal of all duties from all articles imported from the Philippines into the United States except sugar and tobacco and fixing the duties on those two articles at 50 per cent of the rate on sugar and tobacco shipped from foreign countries.

COST HIM FOUR DOLLARS.

H. W. Eddy tried to persuade his honor this morning that it was epileptic fits that caused his arrest and that he should not have been charged with drunkenness, but it wouldn't work, because Officer Sherry, who arrested him, testified that he had carried Eddy from the street to his room and told him to stay there or he would have to "run him in." Eddy didn't stay. He got $4 or two days for his persistency in coming on the street, and was treated leniently because it was his first offense.

HEADED FOR THE PENITENTIARY

LOUIS NATHAN SACRIFICED HONOR OF HIS WIFE FOR MONEY.

Louis Nathan, a stableman about 22 years of age, started his career in life on the wrong foot. Last summer he became enamored of 17-year-old Blanche Moore, a comely maiden recently arrived in Oakland from windy Chicago, and after a brief but earnest courtship he persuaded her to change her name to Nathan. On the 20th of last August the couple were married in this city by Rev. William N. Van de Mark.

Their happiness continued for but two brief months, and then Nathan thought his wife should not belong to him exclusively and suggested to her that she tread the downward primrose path. At first she scorned the suggestion, but he finally persuaded her, she testified in the Police Court this morning, and within two months of their marriage, took her to a notorious resort in this city, where he left her and almost immediately began making demands upon her for money. She remained there three days, when she was taken away by Chief of Police Hodgkins and her husband was arrested upon a felony charge.

At the time she was placed in the resort she was told to conceal the fact that she was married to Nathan, and he told the proprietor of the place that Blanche was a "friend of his."

He was held over to the Superior Court this morning in the sum of $5,000 and a pleased smile went over the wife's face when the order was made.

Mrs. Nathan is herself held on a charge of vagrancy and her case comes up next week for sentence.

CAFE BOHEMIA IS NO MORE

LICENSE EXPIRES AND RESORT WILL BE CHANGED INTO THEATER.

The twenty years' experience as a saloon man, of C. H. Kucks, in Oakland, came to a close last night, when the license of the Cafe Bohemia on Twelfth near Broadway expired, renewal of the same having been denied by the City Council. Today, the place is closed alike to hungry and thirsty.

Tuesday next, the furniture, saloonware, restaurant appointments and decorations, will be sold at auction and then the remodeling of the interior will be undertaken. When this work shall be completed, the auditorium of a pretty vaudeville theatre will take the place of the gustatory department of viands and liquors. The cost of altering the structure together with the refitting of the place will be between $6000 and $7000. The theatre will be under the management of C. H. Kucks himself, who has heretofore had experience in that line. The name of the place has not yet been decided upon as Mr. Kucks is in doubt about retaining the word "Bohemia" in connection with the place.

MARY LANIGAN IS CROSS-EXAMINED.

The trial of the Lanigan-Neeley $25,000 damage suit was devoid of developments at this morning's session. Mary Lanigan, the plaintiff in the case, was on the stand this morning and was subjected to a searching cross-examination by Attorney Lin Church. The life that she led under David Neeley's roof, from June until she left several months later, was gone into, but little additional was elicited or taken away from what had already been testified to in direct examination by her.

It is expected that her examination will take up the rest of the day, and it is not likely that Neeley will take the stand in his own defense until next week. Just how much of the allegations he is going to admit or deny has not been brought out by the examination of witnesses for the plaintiff.

PARTY MAY HAVE BEEN LOST.

ST. JOHN'S, N. F., November 13.—The mail steamer, which has just returned here from Labrador, brings no news of the expedition to explore the interior of Labrador, headed by Leonidas Hubbard Jr. of New York, assistant editor of Outing. All the sailors believe the party perished.

CALIFORNIA'S CHANCES NOW LOOK VERY GOOD.

Big Intercollegiate Football Game Tomorrow Will Be a Close One With a Shade in Favor U. C.

Tomorrow afternoon at the Richmond ground in San Francisco will be seen the result of the three months of careful training and coaching that the elevens of the Universities of California and Stanford have undergone. For the thirteenth successive year the students of both colleges will watch twenty-two men, picked as the best available, struggle for the honor of their respective colleges. Eleven men coached and trained to work as a unit will use their brawn and brain against eleven other such men to take back to their college the football supremacy of the Pacific Coast.

The question at Berkeley is "What chance do we stand?" Looking back over the season, we see first a veteran team come back on the field. We see them in the first practice games holding down the club team we played and running up big scores on outside elevens. Then came the slump. Not only did the line slump but the backs fell down in their work, forming interference raggedly when they formed it at all and generally going all to pieces. That period of three months passed and the Varsity pulled together once more.

Then came the Multnomah and Nevada games. Eleven to nothing was the first score, and it should have been larger. The following Saturday while Stanford was making the same score over the Multnomah as the California team did, Nevada, who had played a 0-0 game with Stanford, scored six points to California's two. No one who saw the game, however, was discouraged as to the final chance against Stanford. California swept the Nevadans all over the field, and as for scoring, every time but one, when the Californians would get within striking distance of the goal, rather than risk a sprained knee or ankle in bucking the remaining distance, More would signal for a field goal.

These same field goals will play an important part in the game tomorrow. Leaving the game with the naval school out of it, California has scored 65 points this year, fifteen of these being from field goals. Tat in itself, is not so much but it proves that Overall, on a dry field with a dry ball, can kick a goal is necessary. Not only Overall, but Stow and More are capable of doing the trick. It is expected, too, that Overall can outpunt and, still better, outpoint, Sprott in the kicking line.

California's chances for winning tomorrow are far better than students generally believe. A prime factor in any team is the line. California has not a single new man on her line. Stanford has but one old man on her line. Hauverman, who is up against Ben Stroud. Of course, it cannot be denied that Stanford has worked up a pretty stiff line, but California should, and without doubt will, make holes for the backs without killing themselves. As for defensive work, it is known what they can do from the last Reliance game and that with Multnomah.

On the ends, should Hudson play, he and Demerritt should take care of Clark and Smith, though the latter two have been putting up good games all season.

It is in the backs that Stanford, if anywhere, has the advantage. Taken individually, More is a far more valuable man than Bansbach; Stern may, perhaps, last longer than Weller, and Mini is an older hand at the game than Chalmers. Dole, perhaps, is a little quicker in finding a hole than Whipple, but the work of the Stanford backs, as a whole, has been developed to try to offset the weakness of their line. The attention of the California coaches has been centered in the backs and in the last week and a half much needed improvement has been shown. California has two distinct sets of backs, the first, More, Mini, Whipple and Stern; the second, Belknap, Kittrelle, Force, Snedigar. Risley has been played at both half-back positions and can substitute either back. Muther, also, is a strong substitute back. Here again, California has an advantage over Stanford, for a fresh set of backs means a great deal at the tag end of a hard game.

So with a veteran line, an advantage in kicking and a number of backs of about equal merit, with line men who have been taught to advance the ball as well as the backs, it surely seems as though California stood as good, if not a better, chance to win than the Cardinal.

COACH IS CONFIDENT.

Coach Whipple, in speaking of the eleven, said: "The success of the California eleven tomorrow depends greatly on the unity of action of the backs. They have trained hard and I believe will give a good demonstration of football. The team is better than last year's, especially on the defensive. Mini is the best of the backs at this work, and although small, is a tower of strength. Our style of play will not be at the ends, although Stanford's line extremelties will be given a good test. Our main plays will be centered at Stanford's line and I expect our backs to gain at all points through it. The rules this year, while aiming to make the play more open, have done the opposite, and the game Saturday will be mostly bucking. The rules again make trick plays a greater possibility and the ends more apt to be drawn in. Our line will be hard to gain through, and while I expect the Stanford backs to gain at times, I do not believe they can gain consistently. The men are all anxious to get in the game, and should an uphill fight be their lot, they are more than equal to the occasion. If this rain and muddy weather continues, the game will be more of a chance, and should it clear up and be a dry field the game will be even. The men have worked hard all season and I have the greatest confidence in them."

BETTER THAN LAST YEAR.

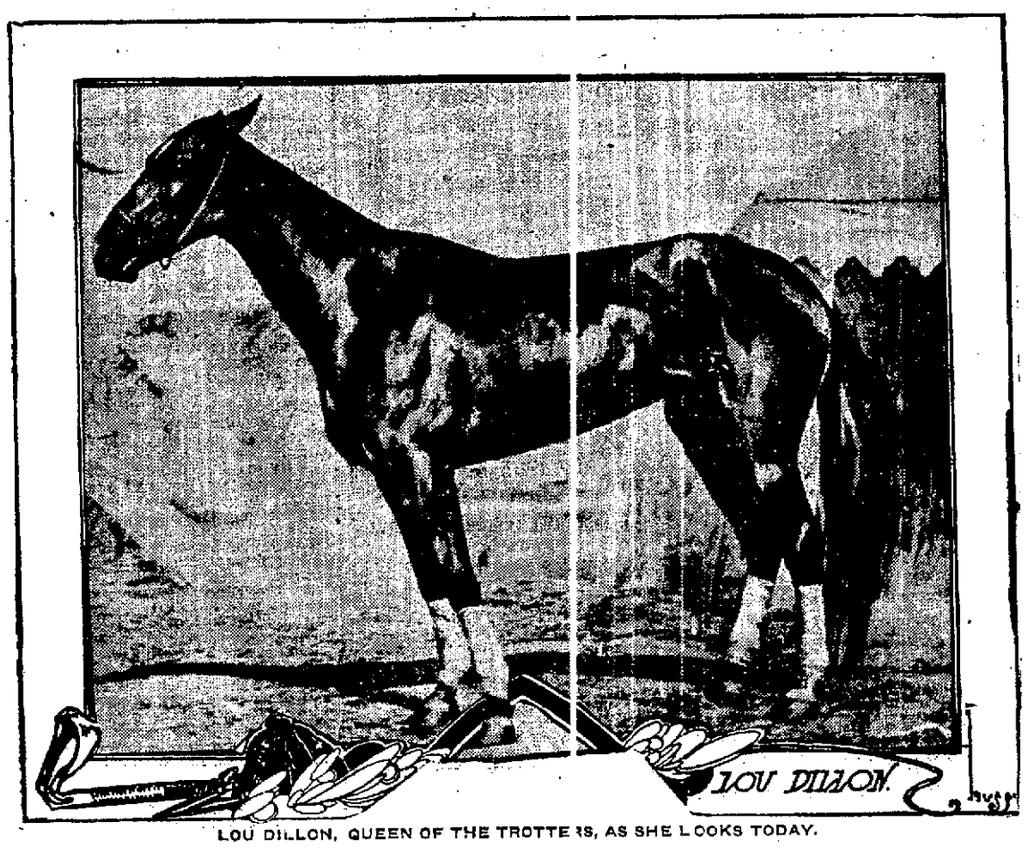

Captain Overall said: "Our men are all in fine condition and will give Stanford a harder fight than they are looking for. The men have realized what is before them and have shown vast improvement in the last two weeks. We have a better team than we had last year, being stronger on the offensive. California's backs have been underrated by the daily newspapers, but they may be counted on to make a good showing in tomorrow's game. We are all determined to play until we drop."

PROUD OF THE TEAM.

"Our team is in splendid shape," is the opinion of Trainer Christie. "All are ready for the game to start, anxious for the whistle to blow. We know that a long seventy minutes of hard football stares us in the face.

"The team is one the University can be proud of. It is a fighting team. They are on their toes and if Stanford is faster—why, I must be shown before I believe it. We hope the ground is firm, but if we were slow, we would want mud.

"We don't outweigh Stanford, no matter what they send out as regards weights. Their Freshmen team was seven pounds lighter to the man. The reports from Stanford in regard to this looking for sympathy makes me sick."

BAY CITYS WON THE RACE.

OAKLAND WHEELMEN FINISH FOURTH IN INDOOR RACES.

The defeat of Tommy Feltz, clever as he is, by Joe Cherry, has led the good people of Saginaw, Michigan, to believe that they have another "Kid" Lavigne, and they are anxious to see their newly-discovered wonder in a battle with the present champion of all the bantams, Frankie Neil of San Francisco. They believe that Cherry can wrest the honors from the Californian, and base their belief on the showing that Cherry made against Feltz.

Feltz and Reagan fought a draw a short time ago and a few weeks later the latter fought a draw with the champion at Los Angeles. Figuring on "dope," Cherry would seem to have it on Neil, but the relative merits of fighters cannot be figured that way with any certainty. A match between Cherry and Neil should prove a good one, and both are fast and have what Feltz and Reagan lack, and that is a good stiff knockout punch.

It is not unlikely that the two boys will be matched in the near future, and should they come together the result will be watched with great interest by fight fans.

LOU DILLON IS GREAT.

BUD DOBLE THINKS MARE WILL MAKE NEW MARK NEXT YEAR.

Budd Doble, the famous reinsman, has just returned from a long campaign over the grand circuit, and he is very enthusiastic over the results of harness racing during the past year. He is a great admirer of the peerless Lou Dillon, and thinks that she will put the trotting record at a much lower figure next year. In common with many others, he is of the opinion that Lou Dillon has not yet reached the zenith of her career. In speaking of the speedy mare, he said:

"I am confident that Lou Dillon will trot a mile in 1:55 next year. Lou Dillon is unquestionably the grandest trotter that America has yet produced. Like Goldsmith Maid, she is a bit on the small order and probably does not weigh more than 950 pounds. She is a bunch of nerves and has a wonderful stride when going at her fastest. There is no telling where Lou Dillon will leave the mark, as she has not reached the limit of her speed by any means. I was one of the timers at Memphis when she trotted in 1:58½, and every watch in the timers' stand registered the same time."

NEWTON WAS TOO STRONG.

PORTLAND SHUT OUT BY THE LEADERS—RAIN STOPS OTHER GAMES.

LEAGUE STANDING.

Clubs.	W.	L.	Pct.
Los Angeles	122	73	.626
Seattle	95	92	.509
San Francisco	101	105	.481
Sacramento	97	100	.490
Portland	89	98	.473
Oakland	85	122	.409

Doctor Eustace Newton was the whole show at Los Angeles yesterday in the baseball game between the leaders and the Portland Browns. He pitched a great game, and, while he did not equal his record performance of last week, shut Portland out with six scratch hits, scattered throughout nine innings. Newton was given perfect support and it was easy to win the game.

Just as Los Angeles was good in the field Portland was bad, especially the infield, and two of the runs secured by Los Angeles were due to bad throwing by the fielders. Shields pitched a very fair game for Portland, holding the Angels down to nine hits. Score:

	R.	H.	E.
Los Angeles	5	9	0
Portland	0	6	4

There was no game at San Francisco with Seattle, or at Sacramento with Oakland yesterday on account of rain.

MUDDY TRACK FOR THE OPENING DAY.

There Will Be Plenty of Starters at Emeryville Despite the Rain and Mud.

The continuance of the rain has made a muddy track an assured fact and the starters in the first day's races of the winter season of the California Jockey Club will be principally horses that are good performers in "slushy" going. This class of runners is by no means slim and the number of starters in each event will be fully as large as if the track was hard and fast.

The owners of the mud larks are jubilant over the prospective condition of the track and are speculating on the chances of their entries. There are a number of cracks entered in the inaugural handicap and a field of at least a dozen starters is assured. Chief among those entered in the inaugural that like to run in the mud are Schwalbe, Claude and Horton and, as near as it can be figured on "dope" by racing enthusiasts, it lies between those three to win, barring accidents.

Racing is one of the most uncertain of games and the winner of the big event is just as liable to be a rank outsider as not. Kenilworth, Lucien Appleby, Beau Ormonde, Hagerdon and Yellow Tail, other starters in the handicap are not entirely averse to sprinting on a sloppy track and their chances for capturing the event are very fair.

The track has received careful attention for several weeks past and it will be in the best condition possible, considering the state of the weather for the past several days. It is the one hope of the jockey club that tomorrow afternoon will be bright and sunny so as to make the opening of the winter season an auspicious one. There is sure to be a large crowd on hand, rain or shine, but should the latter condition prevail, the attendance will be a record-breaker.

Nearly all of the horses that will race here this winter are already in the State and many of the jockeys and bookmakers have arrived. Every incoming train from the East brings more and by the first of December, it is expected that there will be at least thirty books operating at the track.

A RIDING RECORD.

Jockey Fuller has established a riding record that he can well be proud of. He went to New York unheralded and very few dreamed that he would carry off the rigskin honors. During the season Fuller rode in 506 races and he piloted a winner in exactly one-third of them. This is a record that has never been equalled on the New York tracks. As the result of his riding the owners have won upwards of $278,000 and he, himself, has earned about $100,000. He landed the great Suburban and the Futurity and made no less than $18,000 from those two races alone. At the close of the season, in the East he expects to go to New Orleans where he is under contract to ride. Later in the season he may come to California and take a few mounts.

NOTES OF BOOKMAKERS.

F. C. Owen, who has been connected with the Steve L'Hommedieu book at Chicago, arrived last night. He says that San Francisco will have a record-breaking crowd from the East. L'Hommedieu is to spend a couple of weeks at West Baden before journeying to California.

John W. Barker, who has officiated as cashier for Gus Bluhm for many years, reached here yesterday. He will cash for E. T. Martin.

Max Frank will be here in about a week. Maxey Blumenthal also contemplates a coast trip.

Bookmaker E. T. Martin arrived from the East last night. He will operate a book during the season.

Walter Morgan, sheet writer for George Rose, and Charles Wilson reached here last night for the coming racing season.

Bill Jackman and Joe Rose are expected to be here in time to book on the opening day. Both these men are credited with making a good winning on the season around New York.

It is stated on what seems to be reliable authority that Bill Beverly will operate out here this year. Beverly was a frequent visitor until about five years ago.

John Hanby, who is always hustling in the interest of the Chicago race tracks, arrived from the Windy City yesterday.

Phil Hammill, the well-known cashier for Barney Schreiber, is among the late arrivals from the East.

Frank Stephens and Frank Bain are expected to reach here in time to cut in on Saturday.

IS FOND OF A ROAMING LIFE.

Treanathan Smith, a pupil of the Swett School, was committed to the care of Probation Officer Merwin by Judge Ellsworth this morning. The boy is thirteen years of age and has a fondness for roaming about the country. Last week he ran away and went to Port Costa for a week with money given to buy books with. A short time prior to that he ran away and went to Fresno to pick grapes.

He has promised now to be good. If he repeats his offense the Judge stated he would send him to a reform school.

THREE EXCELLENT BOUTS.

RELIANCE CLUB HAS A VERY ATTRACTIVE PROGRAM FOR TUESDAY.

George Root versus "Bud" Wade, four rounds at catch weights.

Monte Attell versus Jack Bennett, ten rounds at 115 pounds.

Jack Cordell versus Aurello Herrera, fifteen rounds at 133 pounds.

This is the program for the boxing entertainment which will be given by the Reliance Athletic Club at its gymnasium on Tuesday evening, November 17, and it needs but one glance to assure the devotee of the padded mit and arena that this entertainment will be one of the best ever seen in Oakland. All of the principals are the best in their respective classes and all three of the bouts will be clever and exciting from start to finish.

The curtain raiser, a four-round go between George Root and "Bud" Wade, is a short one but it will be full of fight all the way.

Root is said to be a clever lad and Wade is a local boxer of considerable promise. He is there with the punch and that is the chief requisite of the successful prize fighter.

Monte Attell and Jack Bennett, who will meet in a ten-round bout as the main preliminary, are both fighters of considerable reputation and their ability to mix things is well known. The former has the same tendency to rush matters as his brother, Abe Attell, and the fight between the two is sure to be a whirlwind affair.

The main event will be a fifteen-round contest between Jack Cordell and Aurello Herrera at 133 pounds. They have forfeits up to make the weight at five o'clock Tuesday afternoon. Neither of them will experience any difficulty in making the limit as both can fight at 130 pounds if necessary. Both of the fighters are extremely clever and the mill will be a scientific one.

Herrera's friends claim that Bishop is not overlooking any easy snaps and that the Mexican will have an easy time of it with Cordell. The friends of the Sun Franciscan take a different view of the matter and maintain that if Louie Long could stay twenty rounds with Herrera and win a draw with him, Cordell will have no trouble in winning. They believe that Cordell is a better man than Long.

THINK CHERRY IS A WONDER.

SAGINAW PEOPLE THINK THEY HAVE ANOTHER KID LAVIGNE.

The home trainer races held by the New Century Wheelmen in Native Sons' Hall in San Francisco last evening was won by the Bay City Wheelmen, whose aggregate time was sixteen minutes faster than the nearest competitor, which was the California Cycling Club. Each team was composed of two riders and each covered two miles. The aggregate time determined the winner.

The races, with the contestants, the clubs to which they are attached and their time are as follows: First race—Grey, Golden City Wheelmen, 3:07 3-5; Hearther, Oakland Wheelmen, 3:09. Second race—Pearne, Bay City Wheelmen, 2:53 3-5; Spellman, California Cycling Club, 3:19 4-5. Third race—Wilkes, New Century Wheelmen, 3:02 2-5; Kirschner, Star Wheelmen, 3:26. Fourth race—Waibel, Golden City Wheelmen, 3:01; Brown, California Cycling Club, 3:19 3-5. Fifth race—Bergner, Oakland Wheelmen, 3:11 1-5; Beffinger, Star Wheelmen, 3:47 4-5. Sixth race—Gray, Bay City Wheelmen, 2:59; Mainland, New Century Wheelmen, 3:08. This left the several clubs with the following standing: Bay City Wheelmen, 5:52 3-5; California Cycling Club, 9:08 3-5; New Century Wheelmen, 6:10 2-5; Oakland Wheelmen, 6:20 1-5; California Cycling Club, 6:39 2-5; Star Wheelmen, 7:14.

TWENTY MILLS TO BE STARTED.

SHARON, Pa., November 13.—The entire twenty mills of the American Tin Plate Company at South Sharon will be started in full next Monday. The Mabel blast furnace at Sharpsville, which has been out of blast for the last two months, will also be put in blast Monday.

FIRE RAGES IN A COAL MINE.

SHAMOKIN, Pa., November 13.—A fierce fire is raging in the No. 8 vein of the Enterprise colliery. The fire started last night from an unknown cause. The colliery is owned by W. L. Connell & Co. and employs 500 men and boys. Employees are fighting the blaze.

That Word
MAN
Means a Great Deal

Nobody likes it to be said of them that they are not a man—mentally, morally or physically. Yet we are bound to admit that a great many people are among us who cannot lay claim to being a man in all that the word implies. So often does the mental depend on the physical, that it is safe to say that half the weak-minded people in the world today are so because of physical weakness, either self-contracted or hereditary.

All men would like to have a grand physique which the old sculptors and painters gave to Adam. All women figure and the perfect health that is would like to possess the beautiful apparent in all that has been handed down to us regarding Eve. This is not only natural, but it is right.

There is no reason why these happy suggestions should not take the form of facts. It is within the power of everybody to acquire perfect health, and reasonably speaking, perfect bodies. By building up flesh and blood, the nerve tissues and especially the delicate tissues of the brain are re-created and strengthened. This is being done for thousands of people today by the use of Maltol, which contains all that is good and agreeable in that great natural builder, cod-liver oil, together with other ingredients which the experience of centuries has taught mankind, are the foundation of robust men and women. Maltol is different from many other strength foods of its kind, in that it built itself up without the use of advertising and only after its reputation was fully established did its proprietors exploit in the public prints its many good qualities.

GUMDROP CAUSED DEATH.

LODGES IN CHILD'S THROAT AND LITTLE ONE STRANGLED.

Little Dorothy Deck, the ten months' old baby of Mr. and Mrs. William G. Deck, of 822 Eighteenth street, was strangled to death last night by a gumdrop which lodged in the infant's throat.

The baby had been sucking the sweetmeat, when she accidentally swallowed it.

The gumdrop being too large to pass into the stomach, lodged in the windpipe.

The mother put her finger in the little one's throat and tried to dislodge it, but she could not move it. Dr. W. W. Kergan and Dr. Miller were summoned, but they could do nothing for the baby, and it was slowly suffocated to death. The case was reported to Coroner Mehrmann who will hold an inquest on the body.

PEACE FOR THE NEIGHBORS.

GEORGE ORMEROD, THE TERROR, WILL SPEND SIXTY DAYS IN PRISON.

George Ormerod this morning changed his plea upon the two charges against him of disturbing the peace and malicious mischief, and said he was guilty. He also decided to take his sentence this morning.

The Judge said it seemed to be impossible for George to behave himself when he was at large, and that he had become a terror in the neighborhood where he lives when he is out of jail. He added that he was headed for San Quentin and was traveling there as fast as he could. In order that the neighbors might enjoy a temporary peace, Ormerod was given sixty days in jail on each charge—120 in all.

M'CARTHY HAS SETTLED.

ACCEPTS FOUR HUNDRED DOLLARS FROM THE SANTA FE.

Dennis McCarthy, the aged man who defied the Santa Fe Railroad Company with an armed force of men, has sold to the company a small strip of land on San Pablo avenue for $400.

The trouble arose over the property. McCarthy was reported to have wanted $10,000 for the property and the railroad refused to pay.

Then the story got about that McCarthy and a number of his friends, armed to the teeth, were standing guard over the land and threatened to shoot any of the railroad laborers who approached the place. The story was given much prominence. McCarthy did demand an exorbitant price for the land when he learned that the railroad company was anxious to acquire it, but he at last concluded to sell it for $400 and now admits that the land was worth no more.

KAHN BROTHERS BIG STORE HAS NARROW ESCAPE.

SOL KAHN, MEMBER OF THE FIRM OF KAHN BROTHERS.

Kahn Brothers are congratulating themselves upon their foresight in employing a watchman in their elegant store at the corner of Twelfth and Washington street. Had they not done so, the probabilities are they would now have had no goods and no store.

A fire broke out this morning at 3:40 o'clock in the drapery department, which caused the fire department to hasten to the scene. When the engine arrived, there was a brisk little blaze at work destroying the stock and the damage was added to by the stream of water poured in to quench the flames.

The building was filled with smoke, and the glass in the skylight, on the north side of the building, was crashing from the effects of the heat. After a brisk tussle the fire was extinguished.

Mr. Kahn estimates his loss by fire, water and smoke at $2000, and says the firm was lucky to get off so easily. The firm carries insurance to cover the loss, being written in nearly all the companies doing business in this city.

Outside the building there is still lying a heap of smoking, smouldering debris, composed of charred comforts, blankets, tapestries and sofa pillows.

Recently an oven was placed in the basement of the building in order to burn up the refuse of the store on the premises, and the presumption is that the fire caught among the inflammable stuff on the first floor, through a defective flue that was intended to carry the smoke from the oven.

FAREWELL WHIST PARTY.

ALAMEDA, November 13.—Mr. and Mrs. J. A. Burton, who leave tomorrow for Los Angeles, where they intend to reside, were given a farewell whist party Wednesday afternoon by the Misses Martin of 1413 Paru street. Those invited to meet the guests of honor were: Mrs. H. M. Pond, Miss Pond, Mrs. Weeden, Mrs. W. B. Stephens, Mrs. De Witt, Mrs. Fred Farrar, Mrs. Walton Farrar, Mrs. Adam Heber, Mrs. Joseph Durney, Mrs. Herman Dexter, Mrs. Frank Otis, Mrs. James Hambly, Misses Bessie and Maude Turrell, Mrs. George Hansbrow, Mrs. J. J. Tobin of this city; and from San Francisco, Mrs. Joseph Marshall, Misses Anna and Grace Marshall, Mrs. John I. Sabin, Miss Sabin, Mrs. Redmond Payne, Mrs. Louis Glass, Miss Glass, Mrs. Gaston Bacon, Miss Tessa Semple, Mrs. L. R. Ellert, Mrs. Harry Buehr, Mrs. Gwendolin O'Brien, Mrs. Douglas Crane, Mrs. Charles Craig, Mrs. M. Babin, Mrs. George Little, Miss Ora Williams and Miss Perkins.

HANSEN-CHRISTIANSEN.

ALAMEDA, November 13.—A quiet wedding was solemnized in this city last Wednesday, when Hans P. Hansen of Alameda and Miss Ida R. Christiansen of San Francisco were united in marriage. The nuptial knot was tied by the Rev. O. Groensberg.

ELECTIONS HELD IN GERMANY.

CONSERVATIVES HAVE A LARGE FOLLOWING IN PRUSSIAN DIET.

BERLIN, November 13.—The returns from twenty-three districts show that the elections yesterday of the electors who are to choose deputies to the Lower House of the Prussian Diet resulted as follows:

Conservatives, 103; Free Conservatives, 33; Clericals, 78; National Liberals, 60; Richter Radicals, 30; Barth Radicals, 6; Poles, 7; Independents, 6; Danes, 2.

The Socialists have not secured an elector, but they hold the balance of power at Breslau, where they will compel the Conservatives or Liberals to elect one Socialist in return for Socialist votes.

The Barth Radicals lost Dantzic, one of that party's strongholds, to the Conservative and Clerical Alliance.

IN HONOR OF AN ARMY POST.

LARGE CELEBRATION HELD IN IOWA THIS MORNING.

DES MOINES, Iowa, November 13.—The celebration in honor of the $1,000,000 army post began in earnest here this morning.

Congressman Hull, General John C. Bates and other officers in the regular army were present.

The program includes two football games, an automobile parade, a barbecue and flag raising at the army post, at which it is estimated 25,000 persons were in attendance, and exercises at the auditorium tonight.

Governor Cummins was the principal speaker of the day. Adjutant-General Corbin telegraphed Congressman Hull that he was unable to attend.

UNSATISFACTORY LABOR CONDITIONS.

The disturbad condition of the industrial world in the United States is illustrated by contemporaneous efforts to cut down and raise wages. On the same day that a notice was posted in the New England cotton mills announcing a ten per cent reduction in wages, the street car men in Chicago struck for higher wages. Only a few days ago a general reduction of from 15 to 25 per cent in the wages of workmen employed at the Carnegie steel works was announced. Almost immediately after the coal miners of Colorado and Wyoming struck for an increase of pay. Following after came the award of the arbitration board in the San Francisco street car case, giving the men a practical increase of ten per cent on the wage scale.

Some of these counter movements are due doubtless to local adjustments, but they also indicate restlessness and conflict. Strikes and notices of wage reductions do not furnish the most alluring business prospect, especially at the beginning of winter.

RUEF GARDEN POLITICS.

It is now announced that all the patronage boards in San Francisco, including the Election Commission and the Health Board are to be revolutionized as quickly as possible. Registrar Walsh is to be kicked out, and a man selected in his place who will be more acceptable to the Mayor. The charter requires the municipal boards to be non-partisan, but all the new appointees, whether posing as Republicans, Democrats or Union Labor men, will be Schmitz men above all else.

They will be spokes in the machine Abe Ruef is building with the Mayor for the hub. In their respective party organizations they will act under direction of Mr. Ruef.

While Ruef dominates the labor party through Mayor Schmitz, he will endeavor to capture the Republican organization through the agency of the Primary League, the members of which almost bodily bolted Crocker for Schmitz. His agents will also endeavor to reorganize the Democratic party on a subservient basis, and indications have already appeared that moves in this program are already being made.

Ruef is IT in politics just now.

It is betted to be jilted before marriage than deserted after. There's as good fish in the sea as ever came out of the pond as the toad said to the firefly.

Mr. Bryan says the Democrats will be united in the next Presidential campaign. He significantly adds, however, "but not those who are not Democrats." Evidently he proposes to make the party—or rather, the wing of it he controls—smaller and more select. The unprecedented Republican majority in Ohio is one result of this policy. Mr. Bryan's Democratic party is fast becoming a sideshow in politics.

Those who assert that the President recognized Panama before it had a government visible to the naked eye forget there is an observatory in Washington.

It is rather unfortunate for the Kaiser that he cannot have that cancer arrested for lese majeste.

The winter tourist invasion of Southern California has already begun, being given an initial impetus by the recent cold snaps in the East. If Oakland had a well equipped tourist hotel, a great many Eastern visitors would spend the winter here. But alas, we have been talking tourist hotel for fifteen years without ever building one. When are the citizens of Oakland going to rise to the occasion and the measure of their opportunities?

Congressman Metcalf has moved up three places on the Ways and Means Committee, the most important committee of the House, which directs all fiscal and tariff legislation. Mr. Metcalf, was placed on the Ways and Means Committee by Speaker Henderson, and his renomination by Speaker Cannon is evidence that he stands as well with the new regime as with the old. His high position on this important committee will enable him to advance the interests of Oakland harbor in the River and Harbor Committee, because it places him among the recognized leaders of the House.

A writer describing Patti's home in Wales goes into ecstacies over the peaches she raises, which he says make American peaches look like wild fruit. When we are told further on that the said peaches are grown on trees trained on the south side of walls, and that each peach is carefully wrapped up in cotton batting at night, all fear of peach growing in Wales will fade, the fruit industry in this country is dissipated. No wonder we pay seven dollars a seat to hear Patti sing when she conducts her fruit farming in this manner.

TIMBER LAND SPOILATION.

Contemporaneous with the conviction of four reputable men in San Francisco for subornation of perjury in connection with taking up claims under the timber land act, Senator Hansbrough introduced a bill to repeal the law which made such frauds possible. While the men convicted in San Francisco are undoubtedly guilty of violating the law, they are entitled to a measure of sympathy because they have only done what others have been doing in this and adjoining States with impunity for the last forty years. Timber land grabbing by means of dummy claimants, and perjured affidavits has been a recognized business for many years. It was carried on so openly that only the merest formalities were observed in the matter of complying with the law. In many cases there was hardly a pretense of concealment. Men high in the business world have grown rich out of timber land frauds.

Therefore, the four culprits convicted the other day appear to be, in a sense vicarious sufferers for the sins of others. True they are guilty, but others much more guilty have escaped scot free. Besides, timber land grabbing has gone on so long without serious interference that the law seemed to have fallen into inocuous desuetude. The convicted men simply followed an example that finally became an established custom.

The history of timber land entries in the lumbering regions is one long story of fraud and perjury. It is a record that proves how futile the Timber Land Act has been, an act that has defeated its own object and has caused the desolation of immense areas of the public domain. Repeal of the act can not remedy the harm that has been done, but it will save some remnants of mountain forests from spoliation. That at least is something to be desired, for anything that arrests the rapid deforestation of the country is a public gain.

WHO GETS THE GRAFT?

The State Board of Trade is wrestling with the problem of finding out what becomes of the difference between what the grower receives for his fruit and the price paid by the consumer. It is an investigation in which the grower—the party most concerned—seems to take the least interest. Only in a few instances have the growers responded to letters of inquiry sent out by the Board of Trade. The average grower growls to the Assessor, swears at the railroad and denounces the selling agencies to his neighbors, and lets the matter drop there.

He will not pursue a definite inquiry as to who gets the difference between the six cents a pound he receives for his raisins at Fresno and the 12½ cents a pound they sell for in the San Francisco grocery stores. Neither does it seem to interest him who gets the profit on the cull pears he sells at $12 or $15 a ton, but which fetch three or four cents a pound scarce a hundred miles away.

If the fruit-growers would only set themselves to finding out what becomes of the enormous disparity between the prices received by the producer and the prices paid by the consumer, they would solve the hardest problem that confronts them to-day, a problem which involves the prosperity of the fruit-growing industry.

But in a matter which concerns them so vitally and so specifically they manifest no apparent interest, but allow the public-spirited gentlemen composing the State Board of Trade to conduct this investigation gratuitously and unaided. They appear more concerned about birds eating their fruit than they do about middlemen devouring the profits of the fruit business.

Collateral to the Board of Trade's investigation is an effort on the part of the State Board of Harbor Commissioners to break up a ring of commission men, who stand between the growers and the retailers of San Francisco and refuse to allow fruit and garden produce to reach the consumers unless they get the lion's share of the profits. The operations of this band of commission men constitute a species of commercial brigandage. Not content with taking toll off all the fruit and produce that comes from the country to the city, they make false returns and collect dishonest profits. They are not content with their legitimate commissions, but defraud their patrons by a system of averages in making up selling returns cunningly devised to conceal the facts. Of course all the returns are not crooked, but the fruit and produce commission as a whole is conducted on a dishonest basis. The producers do not get true returns, and are juggled out of much of the prices their produce brings.

If the State Board of Trade will persevere till it finds out who gets the difference between what the consumer pays and the producer receives, it will find the bulk of it in the pockets of the middlemen—filched away from its lawful and rightful owners by a hocus-pocus of lying, business chicane and downright fraud. It would be harsh indeed to speak of so respectable a body of business men as the San Francisco fruit and produce commission merchants as being dishonest, but what is to be said of men who habitually deal dishonestly with their customers?

Without taking any risk or investing any capital to speak of, the commission men have grown rich off the fruit industry. They have always taken the first skimming of the cream, while the producer invests the capital, takes all the risk and has all the toil, trouble and anxiety. The middlemen have fattened while the fruitgrowers grew lean—a contrast that owes its presentation to the fact that the consumer pays a bit a pound for raisins in San Francisco that are sold at six cents a pound f. o. b. in Fresno.

By all means let the State Board of Trade find out who is getting the difference. Some of it unquestionably goes for freight charges and retailers' profits, but after counting in all these things there is still left a fat, juicy take-off that somebody is pocketing along the route.

When William Randolph Hearst visited Atlanta, he was presented with a possum and the freedom of the city. He would probably have preferred the Georgia delegation to the National Convention.

Our Democratic friends are hard to please. They are clamoring for an interoceanic canal, but they are denouncing the President for not taking a course that will inevitably delay the construction of one. They are suddenly feeling spasms of sympathy with Colombia, which has brought on a revolution in Panama by trying to blackmail the United States on the canal concession.

Another Bargain Event At the Always Busy Store

Specials for Saturday and Monday

We have planned another one of those two-day bargain events for Saturday and Monday. It is hardly necessary for us to explain to you what these sales are, for you no doubt are familiar with them in every detail. To those who have never attended one of our special two days sales, we will say that it is our policy to cut prices on leading lines of seasonable goods for a short time only. This is a part of our way of advertising—our way of stimulating business and attracting attention.

The offerings for Saturday and Monday consist of new goods in every case, prices are cut out low enough to interest everybody, and there will surely be a crowd.

We are still improving things around the store, and still have a few carpenters around fixing up the details and putting the finishing touches on the best appointed dry-goods store in Oakland.

Customers are constantly remarking about the convenience of the new establishment, and we are making new friends every day.

THE STRENUOUS LIFE.

A Great Strain.

No one disputes the fact that we are living in a "rapid" age; it is rush, rush, rush from morning until night, and competition is so fierce that the struggle does not cease until the machine is worn out.

Women, too, even when surrounded by every comfort, become infected by the common spirit, and what with their clubs and many social duties, have no time to give thought to their physical well-being, until they are suddenly brought to a sharp realization of the fact that nothing in their lives is so important as attention to correct or rational living.

It may surprise the reader to learn that women are more prone to piles than men, and in most cases because it is difficult to impress upon them the importance of regular movements of the bowels; irregularity means straining at stool, and straining means piles with the certainty (under the usual methods of treatment) that the sufferer will "have them always with her," by "usual methods" is meant the application of salves and lotions, or (as a last resort) a surgical operation.

If there is a complaint which entails more distress and suffering upon those afflicted than piles or hemorrholds, it is not known to the writer; fortunately, however, these are learning that there is a remedy that effectually cures all forms of piles; it is known as the Pyramid Pile Cure, is in suppository form, is applied directly to the parts, and does its work quickly and painlessly; it is sold by druggists at fifty cents a package, or will be mailed by the makers to any address upon receipt of price.

Mrs. L. M. Joliff, Pharisburg, Ohio, says: "I feel it my duty to acknowledge the great benefit I have received from the use of Pyramid Pile Cure. For several months I suffered untold agony from the bleeding piles, and was finally advised by a Columbus doctor to get Pyramid Pile Cure at once, which I did, and one box completely cured me. I advise all sufferers to use it." Write the Pyramid Drug Co., Marshall, Mich., for their little book on the causes and cure of piles.

NOT ALWAYS SPACE TO SAY THIS—

so we wish you would remember that every piece of goods you buy here is sold to you without intentional misrepresentation and under an unspoken guarantee of satisfaction. If any purchase fails to satisfy, fails to measure up to the mark, we would much rather refund its price than have you keep it, because, above all, we want you to retain your confidence in this store.

The "Special" Column

These specials are all of this season's goods. But we absorb four more stores after January 1st. That means bustle, inconvenience, dust, and the less stock on hand at that time the better. A certain amount of it would be damaged during alterations and then price-cutting would be peremptory. We prefer giving you the extra values now.

DELEGATES ARE SEATED.

LABOR UNIONS MEET AND TRANSACT ROUTINE BUSINESS.

Thos. Geary of the Bartenders' Union and D. W. Coey of the Boxmakers' Union were seated as delegates to the Federated Trades' Council at last night's session of that body. The new by-laws recently drawn up and sent to the American Federation of Labor for indorsement were returned by the American Federation of Labor.

The contract submitted by the Actors' Union was indorsed by the council.

SHOEMAKERS.

The Shoemakers' Union will hereafter meet on Tuesday instead of Monday evening. The meeting night was changed to accommodate Secretary C. W. Petry, who is president of the new Central Labor body that meets every Monday evening. The sessions of the Cooks and Waiters' headquarters, held in the same place as heretofore, Cooks and Waiters' headquarters, Broadway and Eighth streets.

TEAMSTERS.

H. A. Longfellow, a charter member and hard worker in the Material Teamsters' Union No. 577 withdrew from the organization last evening as he has gone into the coal business for himself. Three new members were initiated into the union and three applications filed. The former employes of the E. L. Blackman yard in Fruitvale who are now on strike, received their first benefits last evening. J. B. Bowen, business agent of the Building Trades' Council, visited the meeting and made a few informal remarks on labor unionism that were well received.

The session then adjourned to enable the dance committee to hold a meeting. The dance, which will be the first ever attempted by the National Teamsters' Union, will be held in Armory Hall, 419 Twelfth street. It was decided to hire Scott's union orchestra to furnish the music for the dancing, which will last all night.

J. Pierson is the chairman of the general arrangements committee. The floor manager, his assistants, reception and other auxiliary committees have not yet been named.

MEETINGS TONIGHT.

The Soda Water Bottlers and Garment Workers will meet tonight at Cooks and Waiters' headquarters, Eighth street and Broadway; the executive committee of the Building Trades' Council, the Shinglers, Millmen's Local, No. 550, Express and Draymen, Carriage and Sign Painters at Kohler and Chase hall, Broadway and Eleventh street.

PAINTERS.

The members of the Painters' Union spent last evening in a discussion of the amendments to the constitution recently proposed. Four new members were admitted to the union on presenting their working cards. The dance committee reported arrangements were being made for the ball next month.

BARTENDERS.

It is expected that official notification will be received at next Tuesday's meeting of the bartenders, from the national organization, of the action in regard to the new schedule of the local union, which that body was asked to indorse. Business Agent Perry Conwell has already received private advices in regard to the matter from the national headquarters. The new schedule provides for one day off a week.

STATE BUILDING TRADES COUNCIL.

Sunday, in Petaluma, there will be a meeting of the State executive committee of the Building Trades Council. The members of the committee from Oakland are J. P. Burke, William Baccus, J. B. Bowen and William E. Scully.

BOWLING CONTEST.

Selected teams from the Plumbers' and Bricklayers' Unions will have a bowling match at the Oakland Bowling Alleys tomorrow night. The plumbers are captained by Councilman George Fitzgerald and the Bricklayers by Councilman W. J. Baccus.

COOKS AND WAITERS.

The executive committee of the Cooks' and Waiters' Union met last evening. It was decided to recommend to the union that two new members be added to the organizing committee to assist the four others in the work of unionizing the hotels and restaurants of Alameda county.

MACHINISTS DANCE.

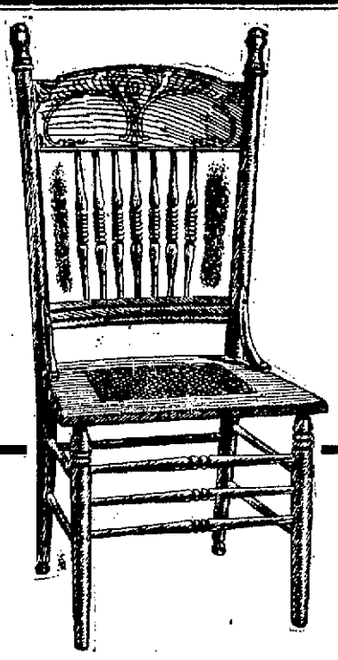

Golden West Lodge, No. 1, of the Machinists' Union, will give a dance at Turn Verein Hall, Eleventh street, between Valencia and Guerrero streets, San Francisco, this evening. The Golden West band, composed of machinists and machinists' apprentices will furnish the music. A number of Oakland machinists' apprentices will attend the affair.

PLUMBERS.

On November 15, the plumbers of Alameda county will receive a raise of 50 cents a day for 8 hours' work.

DRINK PROBLEM IN AMERICA.

PRESIDENT OF NATIONAL W. C. T. U. MAKES ANNUAL REPORT.

CINCINNATI, November 13.—The following is an abstract of the annual address of Mrs. Lillian Stevens, President of the National W. C. T. U. delivered at the meeting at Cincinnati, today.

"In every civilized country the temperance question is receiving more or less attention. The influence of the W. C. T. U. is acknowledged throughout the world.

"Faithful work has been done making sentiment in favor of an anti-polygamy amendment to the constitution of the United States.

"The W. C. T. U. is today, and if true to its heritage, will ever be arrayed against all forms of impurity and legalized vice. We painfully recognize that there are some evils that cannot be annihilated in this day and generation, but we declare that those evils if they exist shall do so in opposition to law rather than by sanction of law. The record of the attempt made two years ago by the Mayor of Minneapolis to introduce a system of regulated vice should be a warning to others not to try to do likewise.

"The question, is liquor drinking among women increasing, is hard to answer. We surely hear more about drinking women than formerly, perhaps from the fact that the drinking habit attacts more attention than it did in the days when nearly everyone used liquor in one form or another.

"Since nothing can arrest the progress of a true principle on its way to the heart of intelligent people it would be strange if we could not declare, as we can, that the question of the equality of women 'under the gospel and under the law,' is gaining new ground and new adherents. There is a continually increasing number of women who feel concerned in regard to the legislation that affects all the people, whether or not all realize this to be so. As temperance women, we desire the right of franchise because we believe we could, thus armed, deal more effectually with the liquor problem and the fact that the liquor element is always opposed to women's suffrage furnishes ample proof that we are right in our belief. The National W. C. T. U. must be in hearty accord with the movement made by the American Peace Society for a stated International Congress to meet once in every five or seven years to deliberate upon matter of common interest to the nations and make recommendations to the governments."

EARNINGS OF THE NEW FERRY.

The San Francisco, Oakland and San Jose Railroad, which is the official title of the new ferry system, has issued a statement of the earnings of the new line for the first week of its operation. During this week only hourly trips were made and only single tickets were sold. The commutation service will not be inaugurated until December 1; but since this statement was issued a half-hourly ferry service has been inaugurated. The statement is as follows:

October 26, $326.40; October 27, $442.30; October 28, $428.70; October 29, $427.75; October 30, $429.50; October 31, $660.25; November 1, $1443.40. Total for seven days, $4153.10.

FIRST SNOW OF YEAR.

OMAHA, Neb., November 13.—A light snow fell over the eastern part of Nebraska early today, the first of the year. The first snow of the year is also reported over the greater portion of Iowa.

ELECTION AT THE HIGH SCHOOL.

SPIRITED CONTEST IS BEING HELD AMONG THE STUDENTS.

There is a spirited contest on at the Oakland High School for the control of the high school paper and the different factions are putting tickets in the field for the annual election, which takes place this month. The first to make its appearance is the non-partisan ticket. The others are expected to be out the first of next week.

The non-partisan ticket is as follows: Editor, Harry Bruning; first assistant editor, Boyd Harold; second assistant editor, James McKim; third assistant editor, Hazel Williams; fourth assistant editor, Patty Chickering; business manager, Rossiter Mikel; assistants—Louis Thompson and Gerard Richardson; president, Vernie Sheehan; vice president, Muriel Kelley; secretary, James Taylor; treasurer, Robert Jordan.

STRUCK BY AN EIGHTH ST. CAR.

While crossing the roadway at Eighth and Pine streets at an early hour last evening, Salon Moore, an elderly gentleman residing at 2025 Woolsey street, Berkeley, was struck by an Eighth street car, receiving injuries so severe that it was necessary for him to be taken to the receiving hospital for treatment. His body was badly bruised, and he sustained a deep wound on the side of his face. He left the hospital after a time unassisted.

His family telephoned to the police at a late hour last night, stating that Mr. Moore had left his home at an early hour yesterday afternoon to pay his taxes, and that they had not heard from him since. It is not known where he went after leaving the hospital.

MICHAEL EAGAN PASSES AWAY.

SAN LEANDRO, Nov. 13.—Michael Eagan, aged 52 years, died at an early hour this morning. He was a native of County Kenny, Ireland. A widow, Bridget Eagan, and five children, Michael, Charles, Delia and Ellen Eagan and Mrs. F. J. Bray, servive him.

The funeral services will be held tomorrow morning at 9 o'clock from his late residence. A requiem high mass will be celebrated at St. Leander's Church at 9:30 o'clock. The interment will be in Holy Cross Cemetery, San Mateo county, via electric funeral car on arrival of 12 o'clock creek boat from Oakland.

CALLS ON PRESIDENT.

WASHINGTON, November 13.—Senator Perkins today called at the White House and presented Representative Gillette of the First California district to President Roosevelt.

KILLED AT WEST BERKELEY.

JOHN GERLAPH RUN DOWN BY THE LOCAL TRAIN.

BERKELEY, November 13.—A smashed watch, which stopped at 7 o'clock, indicates the time at which John Gerlaph of Gilman and Third streets was killed last night by the West Berkeley local train.

His body was found this morning lying beside the track on Third street, near Camellia. The remains lay all night in the rain within a few hundred feet of the Gerlaph home, and the family of the deceased wondered why he did not return from work.

Gerlaph was a native of Germany, aged 60 years. He had obtained employment as a cabinet-maker in San Francisco a few days ago and it was his custom to return home between 7 and 8 o'clock at night.

His remains were fearfully crushed. His skull was fractured, both legs broken between the ankle and knee and his left arm fractured in two places.

MAYOR IS AFTER THE BILLBOARDS.

Mayor Olney, in his efforts to tidy up the general appearance of the city, has requested Chief of Police Hodgkins to see to it that the small theatrical billboards which have been deposited at various points about the city are removed at once and that in future no billboards of that character be tolerated. In the opinion of the Mayor the placing of these boards about on the sidewalks is a clear violation of the city ordinances which forbids the distribution of hand bills or other advertising matter except under certain conditions, which in the present case have not been complied with.

GERTIE COFFIN AGAIN IN JAIL.

Sixteen-year-old Gertie Coffin, who has been out of jail on probation, having been charged with vagrancy, was again arrested last night and taken to the City Prison. No charge has been placed against her for this last arrest, it having been made by order of the court.

The authorities are at a loss what to do with her. Several ladies of a charitable turn of mind have interested themselves in her welfare, and some have provided places for her in respectable families, but she could not be induced to stay at any of them.

WEATHER FORECAST.

SAN FRANCISCO, Cal., November 13.—Forecast:

San Francisco and vicinity, this afternoon and tonight cloudy, unsettled weather with rain. Saturday probably rain, brisk southerly winds.

MERCURY

A POOR CRUTCH.

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This powerful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the invariable result. These minerals drive in the sores and eruptions, and apparently the disease is gone and the patient believes the cure permanent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You must either keep the system saturated with mercury or endure the tortures of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored splotches and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks down the constitution, ruins the digestion and cause the bones to decay.

SSS S. S. S., a guaranteed purely vegetable remedy, is the only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is interesting and contains full directions for treating yourself at home. Medical advice or any special information desired given without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

held in Wales, at which the chief leaders have been present. The principal subjects of treatment included a commendation of the federation, the establishment of the conciliation principle, with minimum wages of 30 per cent above the standard of 1879, and the determination to continue the advocacy of a miners' eight hours bill in Parliament and the correction and improvement of the workmen's compensation act.

Some stringent orders have been issued by the admiralty with respect to the efficiency of the workmen in the English naval dockyards. Non-efficient workmen, whether from lack of ability or by reason of dilatoriness, are to be discharged, and care is to be taken that such men are not again employed. A fair day's work is to be expected from the employee.

There is no eight-hour day in Russia. Or the government work the laws provide that the day must not extend beyond eleven and a half hours, not counting the recesses, and on Saturdays and days before holidays not more than ten hours. Daytime is reckoned as from 5 a. m. to 8 p. m., and those who work at night must be kept working more than ten hours out of the twenty-four.

In Germany the last great census of industrial pursuits, June 14, 1895, showed that 45,375 children under 14 years of age are in industrial pursuits. Of these, 38,267 come from the manufacturing districts; 5,296 from the trades and hired labor, and 1812 from the miscellaneous callings. Besides those, there were in the agricultural pursuits 135,175 children enumerated, and 33,601 as house servants.

The Bookbinders' Union at Washington is keeping up its fight on W. A. Miller, whom the members want dismissed from the Government printing office. Petitions and letters are being sent to local unions all over the country asking them to adopt letters of protest and send them to President Roosevelt against the "open shop" sentiment he expressed, and requesting the President to reverse his position.

OFF FOR SCHOOL.

Send Youngster Away Well Fed.

Unless the school child has food that nourishes brain and nerves as well as muscles the child will not develop as it should.

Brain wastes away daily just like the rest of the body and must be rebuilt and the only way to do this is by the proper food selected for this purpose.

A school girl of Worcester, Mass., wrote an interesting article about her experiments with food to study on: "Two years ago I had indigestion so bad that food did not nourish me and I lost a great deal of flesh and strength and was always suffering from trouble in my stomach. I could not study for my head always seemed clogged up.

"One day at school I noticed that one of the girls had a box of Grape-Nuts. I asked her about it and from what she told me, made up my mind to try the food.

"As the result of eating Grape-Nuts three times a day in place of improperly selected food I have at last found the way to permanently cure my indigestion. Grape-Nuts food is light, delicious and digests without trouble, the heavy feeling in my stomach is gone and I have been gaining flesh rapidly ever since I made the change to Grape-Nuts.

"Not only is the improvement physical but I feel so much better and clearer in my head and I have more ambition than I have ever known before. I used to feel so fagged out in my brain and stupid and had headaches but that is all gone and now I feel like a new person.

"I am absolutely certain that Grape-Nuts helped me get my lessons, because now I can sit for hours and study and accomplish a great deal while when I was living on the old diet I would simply sit there and accomplish nothing.

"To tell the truth Grape-Nuts as I tell all my friends, worked a miracle in my case. My mother is signing this letter to confirm all the statements I have made." Name given by Postum Co., Battle Creek, Mich.

NEWS FROM BERKELEY AND THE STATE UNIVERSITY

BERKELEY TEAM IS CHOSEN TO MEET ALAMEDA.

Second Interscholastic Debate Will Be Held on the Evening of December Eleventh.

BERKELEY, November 13.—The Berkeley High School has chosen its team which will meet the representatives of the Alameda High School in a challenge debate, to be held December 11. The local speakers will be Samuel Batdorf, J. R. Scott and A. White, with Arthur Bolton as alternative.

The question for the inter-school debate will be: "Resolved, That the French President should be elected by the people."

The question debated at the Berkeley High School try-out was: "Resolved, That the United States should build and maintain a navy second only to that of Great Britain."

Samuel Batdorf, A White, Thomas St. Pere and Eric Scudder represented the affirmative in the try-out, and Arthur Bolton, Doremus Scudder, B. Scott and H. Johnson defended the negative.

The coming interscholastic debate will be the second that has been held by the two schools. Berkeley won the first forensic contest, which was held in November, 1900. Leon Martin, a graduate and old debater of the University of California, is coaching the Alameda boys.

LODGES TO ENTERTAIN

WHIST PARTIES ARE ARRANGED FOR THE NEXT FEW MONTHS.

BERKELEY, Nov. 13.—More than usual activity is being manifested in the local lodges in the way of social events. A number of whist tournaments and ladies' nights have been arranged, and this winter will see the ordinary routine of lodge work set aside for several social affairs.

Last night the members of Le Conte Council, Royal Arcanaum, gave a ladies' night in Woodmen Hall. After the following program had been presented, the floor was cleared for dancing: Selection, orchestra; tenor solo, Charles Brock; whistling solo, with guitar accompaniment, Mr. Bennett; baritone solo, Walter R. de Leon; violin solo, O. M. Pausche; soprano solo, Mrs. Lee; whistling solo, Mr. Bennett; tenor solo, Howard Merrill, accompanied by Walter de Leon.

Berkeley Council, Order of Americus, has arranged a whist tournament to take place Monday evenings November 16, December 21 and January 18, in G. A. R. Hall of the I. O. O. F. Building. Several prizes will be awarded and an informal musical program rendered at each meeting.

Invitations have been sent out by Berkeley tent of the Knights of the Maccabees for a whist tournament, to be held on November 19 in Odd Fellows Hall. There will be a banquet after the tournament. The committee in charge of the affair consists of Barton Campbell, C. Albion and Harry Bryant.

At the regular meeting of Berkeley Lodge, I. O. O. F., last evening, the second degree was conferred on seven candidates.

J. E. Streightiff will represent Berkeley Lodge, I. O. O. F., on the reception committee of the Grand Sovereign Lodge, to be held in San Francisco in September, 1904.

REFLECTIONS OF A BACHELOR.

The way to get a nice wife is to be rich or a good football player.

Nobody needs an alarm clock to wake up in winter; the furnace does it.

A man's idea of heaven is a place where there is no house cleaning, and a boy's where there are not bath tubs.

The man who writes sixteen-page love letters before he is married thinks a ten-word telegram is very long afterward.

It's funny how a man will blow up his wife because the telephone doesn't work when he doesn't dare ask the cook for hot water to shave.—New York Press.

HE MISSED THE RINGS

SNEAK THIEF STEALS A PURSE FROM THE RESIDENCE OF J. C. ARNOLD.

BERKELEY, Nov. 13.—By the merest chance a sneak thief, who broke into the residence of J. Clem Arnold at Ward and Dana streets last night, missed two valuable rings that hung on a peg just above a purse that he took. Entrance was gained through the pantry window, where the purse with $9 to $10 had been placed on the shelf. Just above the purse were two valuable rings belonging to Mrs. Arnold. In his hurry, the thief overlooked them.

The next morning the door of the kitchen, which was locked off from the remainder of the house, was found open, but there was no clew to the robber.

FLOUR DEALERS ASSOCIATION.

NEW YORK, Nov. 13.—Thirty of the largest flour dealers here, including jobbers and wholesale grocers, have formed an association for the purpose of regulating their dealings with the bakers. They assert that the latter are in the habit of making contracts for a season's supply of flour and in case the markets decline of demanding rebates or sending back the flour. When the market goes the other way, however, the jobbers declare the bakers hold to the letter of the contract, keeping them constantly on the defensive. It is proposed also to make the bakers trundle the flour into their cellars, thus reducing the expense of delivery.

LACKED THE OPPORTUNITY.

The thin lipped woman at the kitchen door sternly refused his request for cold victuals.

"I wouldn't be as lazy, shiftless, good for nothing a vagabond as you are," she said, "for anything in the world!"

"Yes, you would, ma'am," retorted Tuffold Knutt, lifting his tattered remnant of a hat with dignity, "if you had my chances."—Chicago Tribune.

GREAT RALLY HELD AT THE UNIVERSITY.

Football Players Are Cheered at a Big Smoker Held in Harmon Gymnasium.

BERKELEY, November 13.—Perhaps the greatest rally ever held at the University of California took place last night, when an enthusiastic send-off was accorded the members of the 'varsity at a tremendous smoker given in Harmon Gymnasium. The 2000 students who were present yelled steadily for three hours, rehearsing all the slogans and songs for the big game.

The outburst of enthusiasm was started by Regent Charles S. Wheeler, who led the speechmaking. He was followed with stirring addresses by John R. Glascock, Warren Olney Jr. and Professor Albin Putzker.

There was a veritable bedlam when Captain Overall of the football team took the platform. His words were replete with encouragement and he predicted victory for the team. He was followed by Trainer Christie, Coach James Whipple, Mini and James Force of the football team.

The rally was closed with humorous talks by Milton Schwartz and Le Roy Smith.

THANKSGIVING UNION SERVICES.

BERKELEY, Nov. 13.—Union Thanksgiving services are to be held on Thanksgiving morning under the auspices of the Berkeley Federation of Churches. Philo Mills, Rev. Elmer E. Brown and Rev. E. W. Darst have been appointed a committee to select the speaker and the place of meeting.

The work of taking the religious census for the Berkeley Federation of Churches has been completed in the first ward. The census will be taken next in the seventh ward.

The ladies of the North Berkeley Congregational Church have set December 11 and 12 as the dates for their annual bazar, which will be held in the parlors of the church. Entertainments will be given on each evening of the bazar.

TO SPEAK BEFORE THE STUDENTS.

BERKELEY, November 13.—Arthur Rugh, traveling secretary of the Student Volunteer Movement, has arrived in Berkeley and will address a mass meeting of both men and women students, to be held at 5 o'clock this afternoon in Stiles Hall.

Mr. Rugh is here in the interest of the international committee of the Y. M. C. A. and is on his way to the Orient. Next Wednesday he and Mrs. Rugh, who accompanies him, will start for Shanghai.

He is a graduate of Wittenberg College, Illinois, and for a year was Y. M. C. A. secretary for the State of Ohio. He was a pitcher of his 'varsity team and president of the college Y. M. C. A.

WHEN USING THE CHAFING DISH

The first time the chafing lamp is used pour a little alcohol into it, let it stand for a few minutes and fill up. If the lamp gives out before the cooking is finished, let the lamp cool a little before refilling, as the igniting point of alcohol is low. Always have a metal tray under the chafing dish. Never leave the alcohol bottle uncorked, as the fumes ignite very easily. If you have been careless in this regard and the contents of the bottle ignite, don't scream or faint or throw water on the flame. Simply clap your hand over the mouth of the bottle. This will extinguish the flame at once. Use sherry sparingly in making lobster or crab Newburg, since alcohol has a toughening effect on fish.

A DISCOURAGEMENT.

"Why don't you try to earn your living?"

"Well," answered Meandering Mike, "it's dis way. When I eats dis way I gits cold turkey an' mince pie. If I depends on me earning capacity I'm liable to git sinkers an' weak coffee.—Washington Star.

CONTRACT IS LET FOR A NEW BANK.

Large Number of Substantial Dwellings Are Going Up in the College Town.

BERKELEY, Nov. 13.—Work has been started on the foundation of the new South Berkeley Bank, to be erected at the corner of Harmon and Adeline streets. The structure will consist of two stories and will be built of brick. On the lower floor will be the banking department, while the upper story will be devoted to offices. The building is to cost $10,150, and is to be finished in ninety-five working days.

Unusual activity is represented in building circles in all parts of the city. A number of houses started this fall are being rushed to completion as rapidly as possible before the winter rains set in.

A modern two-story frame dwelling is being erected at Walnut and Virginia streets for E. V. Rideout. The building will contain ten rooms and will cost $7000.

Woodward and Watson of Oakland are building three two-story dwellings on Delaware street, west of Grove street.

L. T. Bowers is building a two-story dwelling at the corner of Ellsworth and Parker streets. The cost will be $2800.

On Oregon street, near Telegraph avenue, a $6000 residence is being built for Fred Hambleton.

Professor M. E. Jaffa of the University of California, is having a handsome two-story and basement residence erected on Virginia street, near Bonte avenue, at a cost of $4451.

H. Goff is having a twelve-room residence erected at Dwight Way, west of Dana street, at a cost of $5000.

THEY WILL DEBATE.

GENERAL SUBJECT WILL BE ON THE FRENCH JUDICIAL SYSTEM.

BERKELEY, November 13.—Announcement has been made at the University of California of the general question for the Stanford-California Carnot debate. The subject is "The French Judicial System."

A committee composed of Professors Charles Mills Gayley and Martin C. Flaherty of the University of California and Professors Dunniway and Elden of Stanford have decided on the regulation that the definite question will be announced to the speakers two hours before the contest instead of one hour, as last year.

The debate will take place in February at the University of California.

SORORITIES TAKE IN NEW MEMBERS.

BERKELEY, Nov. 13.—The sororities of the Berkeley High School have initiated a number of new members. Alpha chapter of the Phi Epsilon sorority recently initiated Miss Josephine Montague and Miss Marion Marsh at the home of Miss May Clough.

Miss Carrie Chairs, Miss Emily Sherman and Miss Olive Stone were the neophytes at an initiation of the Delta Sigma Theta held at the home of Miss Ethel Bailey.

CHARGED WITH CREATING DISTURBANCE ON TRAIN.

BERKELEY, November 13.—Charles F. Herlitz, a well-known business man, who makes his home in this city, has caused the arrest of John Humann and Carl Jansen, whom, he claims, disturbed his peace by throwing peanuts at him and using abusive language in the local train. The accused young men have put up bonds to assure their appearance in court.

HAYWARDS, SAN LEANDRO, EMERYVILLE, FRUITVALE, GOLDEN GATE

WOULD ENFORCE LAW.

RESIDENTS OF GOLDEN GATE DESIRE MORE SIDEWALKS.

GOLDEN GATE, November 13.—It is not improbable that a petition will be drafted, and if a sufficient number of signatures can be obtained, forwarded to the City Council, asking that action be taken to compel all property owners, who have not already done so, to put down cement sidewalks in front of their residences. The property in question is situated on San Pablo avenue, between Fifty-fourth street and the south line of Berkeley. A representative resident of that district thus spoke of the matter last night:

"It is of the utmost importance to property owners who have already complied with the law in regard to properly laying walks in front of their residences that those who have not done so should attend to the matter at once. The absence of a sidewalk not only proves harmful to that property, but to the adjoining property as well. Aside from this reason the fact that the rainy season is about to begin should ensure the enforcement of the law."

FUNERAL THIS MORNING.

The funeral of William O'Connor, the aged shoemaker of this place who died suddenly last Wednesday, was held from the parlors of Beaudry & McAvoy this morning. A high requiem mass was afterwards celebrated at St. Columba's church at 10 a. m. Interment was made at Mountain View.

WILL LEAVE SOON.

Miss Margaret Ayden is planning to leave the latter part of this month for Europe, where she will complete her musical education.

REAL ESTATE ACTIVE.

With the coming to Golden Gate of two new railroads and several new industries, the local real estate market is undergoing quite a shaking up. Many new houses are going up in answer to the growing demand. The latest to be started is a handsome two-story frame dwelling on Ninth street for Mrs. Gross.

IMPROVEMENTS COMPLETED.

Charles Band, the well known local butcher, has completed extensive improvements in his place of business on San Pablo avenue.

APPETITE GONE.

Food eaten without appetite always causes gastric disturbances, because unless the glands of the stomach are stimulated by a desire for food no digestive juices are formed. Consequently the food is wasted and clogs up the bowels. For Loss of Appetite and Constipation there is nothing to equal the Bitters. Try a dose before meals. It also cures Dyspepsia, Indigestion, Insomnia and Malaria, Fever and Ague.

HOSTETTER'S STOMACH BITTERS.

CAN SECURE NO EVIDENCE.

OFFICERS CAN'T CATCH LIQUOR DEALERS OPERATING WITHOUT A LICENSE.

FRUITVALE, November 13.—The local constables, Harry A. Cramer of Fitchburg and Tom Carroll of Fruitvale avenue, have been criticized of late by townspeople because they failed to close up some saloons in the district alleged to be doing business without a license.

The principal places in question are Teffer's beer garden in Upper Fruitvale and Erferlie's grocery store on the Redwood road. The former will probably give no more trouble for some time. It is a summer garden for picnics and Sunday excursions from Oakland, San Francisco and other points. In the winter season the place has no patronage at all.

Several times have the officers of the law tried to secure evidence against Erferlie's place, but without success. "Plain clothes" men have been sent in there to buy drinks, but were turned away with the words, "You can purchase groceries here, but no liquor."

Said Constable Cramer: "If the people who are so sure that saloons are running in Fruitvale without a license, why do they not swear out warrants against the proprietors? Then we officers will serve the warrants and have the offenders brought to justice. Owners of such places are pretty sharp, and it is next to impossible for an officer of the law to apprehend them for illegally disposing of intoxicants. We have done our best, but our efforts cannot amount to much without the aid of the residents of the district."

INJURED HIS NOSE.

While F. E. Corwin of Alameda was assisting in digging a well on premises on Sutter street, where he acted as windlass operator, the crank handle came off the arm of the windlass, striking him in the face and injuring his nose. The injured member was dressed by Dr. Crosby.

Another man, whose name was not learned, was digging in the bottom of the well, when a brick fell in, striking him on the head, cutting quite a gash in his skull. The man called at Warren's drug store for some salve, but would not have a doctor and did not give his name.

DOG CAUSES DISTURBANCE.

Mr. Anderson, who resides on Clark street in the Melrose district, has a dog which his neighbors claim has attacked several children. Mr. Gonsales, who resides near the Anderson home and who has a little boy whom the dog is said to have attacked, remonstrated with the owner of the canine, when, it is alleged, Anderson resented the remarks with a blow on the face of his critic. At any rate, Gonsales has an ugly gash on his cheek. Other neighbors threaten to kill the dog if it is not restrained, as they claim the animal dangerous to be at large.

MORE CARS ARE ORDERED.

SYNDICATE WILL ADD TO ITS PRESENT ROLLING EQUIPMENT.

EMERYVILLE, November 12.—The additional rolling equipment which the San Francisco, Oakland and San Jose Company has ordered from the St. Louis Car Company is expected to arrive much quicker than the first group of sixteen. Within four months the additional cars should be here, and actual operation into Oakland begun. There will probably be included in the consignment four motor cars.

WORKING HARD ON TRACK.

The track superintendent and his assistants are busy putting the finishing touches on the Oakland track. The recent rains have made the course rather heavy, but it is expected that tomorrow at the drop of the flag a big bunch of horses will start with the mile circle in first class shape.

VISITED FRIENDS.

A number of well known racing men were the guests of Harry Yetman yesterday afternoon.

F. Kane is spending the week with his sister, Mrs. Wolfe, of San Pablo avenue. Kane recently arrived from Latonia.

ORDERS ARE ISSUED.

Orders have been issued by the S. P. Company to engineers and trainmen, preparatory to the opening of the racing season, to use extraordinary caution during the meet in running between the north line of Emeryville and Fortieth street. This is calculated to prevent injury to human life.

NOW AT SIXTEENTH.

H. M. Farren, who formerly held the position of S. P. train agent at Emeryville, is now stationed at Sixteenth street, Oakland, in the capacity of operator. Mr. Farren has a host of friends in this town who are pleased to note his success as a railroad man.

GAS EXPLOSION INJURED FIVE.

NEW YORK, Nov. 13.—Five persons have been injured, one so seriously that he may die, as a result of a gas explosion in an iron tank in Harlem used for asphyxiating dogs and cats in the dog pound. The explosion wrecked the interior of the building and broke every pane of glass in it. About 150 dogs and cats escaped and are at large about Harlem.

SUICIDE BY MORPHIA.

LONDON, Nov. 13.—The verdict of the coroner's jury in the case of Miss Sophia Frances Hickman, the woman whose body was found in an unfrequented part of Richmond Park after she had disappeared two months previous, from the Royal Free Hospital, with which she had been connected, was "suicide by morphia while temporarily insane."

SOCIAL DANCE IS TOMORROW.

LODGE TO GIVE AN APRON AND NECKTIE SOCIAL.

ELMHURST, November 13.—The apron and necktie social to be given to-morrow evening in Red Men's hall, East Fourteenth street by Laruka Council, Improved Order of Red Men, of Fruitvale, promises to be very well attended. Besides the large number of Elmhurst residents that will be present, many are coming from Haywards, Fruitvale and Oakland.

On entering the hall each lady will be presented with an apron and each gentleman with a neck scarf. The gentleman is then to seek out the lady whose apron matches his cravat, and she will be his partner for the grand march, which commences at 8:30 o'clock. The evening will be spent in dancing, for which Miss Rose O'Brien and Mrs. H. Clayton will furnish the music on the violin and piano respectively.

Those in charge of the affair are as follows:

Floor Manager—H. Lamon.

Assistants to Floor Manager—Antone Lewis and John Finley.

Ladies Committee—Miss Lucy Field, chairman; Mrs. H. Damon and Mrs. Charles S. Alvord.

RAIN BAD FOR TOMATOES.

It is feared that the rains of the past week have greatly damaged the tomato crop in this vicinity.

IMPROVEMENT CLUB.

The next meeting of the Elmhurst Improvement Club will be held on Thursday evening, November 19.

FORESTERS TO-NIGHT.

The local lodge of Foresters will meet in Red Men's hall this evening and make arrangements for the dance to be given on December 12.

PERSONAL.

Thomas Sawyer has recovered from his recent illness and has again resumed his position as conductor on the Haywards division of the Oakland Transit Company.

Postmaster Newton Gray was an Oakland visitor yesterday.

Manuel D. Silva, of East Fourteenth street, was in Oakland on business yesterday.

RUMMAGE SALE.

A rummage sale for the benefit of the Fred Finch Orphanage Church is to be held at 714 Broadway from November 17 to November 21 inclusive.

The sale is held under the auspices of the Ladies' Aid Society of the Fruitvale M. E. Church.

A large quantity of goods of every description have been contributed in order to make the sale a great success, and bargains are offered to all.

SUES JUSTICE FOR BAIL MONEY.

SAN LEANDRO LAWYER SEEKS TO RECOVER FORFEITED BAIL.

SAN LEANDRO, November 13.—Another chapter of the long-standing enmity between Justice of the Peace John Black and Attorney M. L. Rawson has been started. The justice is to be sued in Justice Prowse's court in Haywards for $10, the bail money put up by Rawson for one of his clients, Mrs. M. Meadows.

The woman was convicted some time ago of calling a number of small boys vile names. After the trial, Justice Black told Marshal Geisenhofer to take her down to the county jail, there to remain until she was sentenced.

As the officer was about to board the Oakland car with his prisoner, he was stopped by Attorney Rawson and J. Silva. The former gave the officer $10 cash bail for his client and she was released. The woman failed to appear at the appointed time to be sentenced, so the court declared her bail forfeited and turned it into the town treasury.

Her care was appealed to the superior court, where Judge Ellsworth reversed Justice Black's decision and let the woman go free. Rawson put up her bail money out of his own pocket and now wants Justice Black to return it. Judge Ellsworth refused to act in the matter, so Rawson took the case before Prowse in Haywards.

CHURCH FAIR AND BAZAR.

CONGREGATIONAL LADIES OF HAYWARDS PREPARE FOR ANNUAL AFFAIR.

HAYWARDS, Nov. 13.—The ladies of the Congregational Church are making great preparations for their annual fair and bazaar, to be held on Tuesday, December 1, in the parlors of the church on the corner of First and A streets.

The affair will be held both in the afternoon and evening, and refreshments will be served for the benefit of those that stay during the whole time. There will be various booths for the sale of miscellaneous articles, fancy work, household necessities, candy, and the like.

In the evening the boys club of the church will present a program consisting of vocal and instrumental music, and a pantomime play.

The various booths will be looked after as follows:

Book Table—Mrs. M. J. Madison and Mrs. Peter Wilbert.

Fish pond—Members of the Junior Society of Christian Endeavor.

Fancy table—Miss L. Kimball, the Misses Walpert, Miss Miner.

Useful articles and plants—Mrs. Newbold, Mrs. Harper, Mrs. Linekin, Mrs. Booth.

Candy, ice-cream and Tamales—Mrs. Warren, Mrs. Kennard, Mrs. Burge, Mrs. Grindell, Mrs. Darling, Mrs. Obermuller.

Mrs. L. Linekin, the president of the Ladies' Aid Society that is arranging the affair, has general charge.

PERSONAL.

Attorney F. I. Lenos was a visitor in Oakland yesterday.

The condition of Joseph Graham, who had his foot amputated as Fabiola Hospital last week, as gangrene had set in, is reported as greatly improved.

Edw. Patterson is at present employed in Oakland.

J. B. Rose, formerly with druggist R. Reid, will enter the employ of E. Sporndli, of the Haywards Drug Store next week.

Michael Clark has departed for Santa Cruz, where he will spend the winter.

George McDonald, of Elmhurst, is a new resident in Haywards, having purchased the Alcorn place on the Dublin road.

Miss Mamie Ramage is in San Francisco studying to be a trained nurse.

H. Friedlander has just completed some improvements at his store and office.

John Enos has lost a valuable horse from the effects of distemper.

Miss K. T. Moore has resigned the principalship of the Palomares schools to take a position in San Francisco. Miss Josephine L. McIntyre has been elected to fill the vacancy.

COMMITTEE DID NOT MEET.

There was to have been a meeting of the Ordinance and Judiciary Committee of the City Council last night to consider revision of the proposed ordinance to revise the system of municipal license, introduced at request of City Treasurer Felton Taylor.

For some reason there was not a quorum present and the committee did no business. Councilmen Wallace and McAdam of the committee braved the elements and put in an appearance. Chairman Elliot and Councilmen Cuvellier and Howard were the absent ones. Mr. Elliot was "guessed" to be in attendance upon a wedding. Mr. Howard had gone to British Columbia and Mr. Cuvellier was accused of being "lost in the fog."

Councilmen Aitken, Pendleton, and Fitzgerald were present to see what was being done and City Attorney J. E. McElroy, Assistant Aattorney W. H. O'Brien and City Treasurer Felton Taylor were on hand to give advice and explain the needs of amending the present ordinance.

It is expected that another night will be set apart soon to discuss this ordinance.

WATER CASE IS ABOUT AT ITS CLOSE.

The long-drawn-out trial of the suit of Mrs. Jane Clough in behalf of the Washington and Murray Township Water Company against the Spring Valley Water Company is about to come to a close. The hearing has taken over four months of actual argument and has been on the calendar for several years.

The suit is brought by Mrs. Clough to quiet title on behalf of the irrigation company to a certain number of inches of water in Alameda Creek. The Murray Township Water Company claims a priority of right over the Spring Valley Water Company. The hearing has been directed to determining how much water the irrigating company was using before the Spring Valley came into its present properties. The case has been heard before Judge Greene.

It is practically conceded that plaintiff will win a victory. The amount of water which the ditch company is to be allowed may approximate 3,000,000 gallons at a daily average. The attorneys stated that it would take not above an hour to present the question of fees and costs. This will be done Monday next at 10 o'clock. Then a decision will be in order.

OFFER OF CASH PRIZES.

COMPANY WOULD STIMULATE ITS AGENTS TO BEST EFFORTS.

The Southern Pacific Company has decided, owing to the scarcity of cars and the complaints of shippers, to award monthly prizes to agents packing the closest. A circular has been sent to all agents which reads, in part, as follows:

"In order that we may be in a position to take care of all business offering, and at the same time utilize our equipment to the best possible advantage, it is necessary that the question of loading be given close attention. And from now on until June 30, 1904, to ten agents making the best showing in car loading, premiums based on one-third of one month's salary will be given. By keeping careful track of the loading of cars and calling shippers' attention to their interest in the matter, it is confidently expected that great improvements can be made, and the hearty co-operation of all employees toward that end is earnestly desired."

The circular sets forth the fact that ten years ago the average capacity of the company's freight cars was twenty-one tons; to-day it is twenty-nine tons. Ten years ago the average load was thirteen tons; to-day it is nineteen tons. It can be seen from the above figures that the loading has not kept pace with the increased capacity. The management hopes by its latest move to increase the average carload two tons, thus adding practically 2,000 freight cars to the road's equipment in this State.

FOOT-RESTS MAY ONCE MORE COME INTO FAVOR.

With the advent of rainy weather, and, consequently, muddy shoes, the need of foot-rests on the local Southern Pacific trains becomes all too evident. When, some two years ago these conveniences were removed, by order of the master car-builder, E. A. Gilbert, the commuters grumbled some, but made the best of the matter.

That passengers will rest their feet by placing their shoes on seats opposite them, in case no rest is provided, is plainly shown by a glance at either end of the seats in a Seventh-street local. Without exception all signs of paint have long been erased and in its place is left, during the wet weather, a sticky coat of mud. The item of expense incurred in repainting and varnishing these seats is by no means insignificant, and it would therefore seem of financial interest to the company to replace the foot rests.

OIL PROVES OF VALUE AS A "YARD SPRINKLER."

It would prove of genuine interest and instructive value to one whose steps just now lead him across muddy avenues and miry high-ways to take a glance at the Southern Pacific yards after a heavy shower. Here, where one might expect mud in plenty, the ground is as smooth and hard as bitumen, the result of continued oil-soaking. In the course of the summer the whole yard becomes sprinkled with crude oil, sometimes by intention, at others by accident.

In the later case, of course, it is simply the waste accumulations from engines. The oil soaks in to a depth of several inches and the ground becomes impervious to rain. It also possesses the advantage in summer of giving off no dust. The beneficial effect here provides a homely hint of what might result if county roads and public streets were thus treated.

NOTES AND ITEMS FROM SHOP AND SHIP YARD.

Joseph Lazelle, the switchman who was injured recently in a collision at the foot of Peralta street, has been pronounced out of danger.

The belts in the machine shop are giving no little trouble just now, the wet weather tending to make them expand. The larger ones, especially, have become so "lanky" that in some cases it has been necessary to relace them.

The repairs to the ferryboat Newark will probably be completed to-morrow. In such event the big steamer will renew her narrow gauge run, which, in her absence, the Oakland has taken.

Passenger engines 1285 and 1276 will be put on the race track special run this season. Work on both locomotives is progressing rapidly. Switch engine 1030 has arrived from Mendota and is being given a general overhauling on the round-house drop pit. Engine 1216 goes on the trestle to-morrow.

Putnam Barnett, superintendent of the Southern Pacific dredging equipment, will personally direct the putting in of the long cog-wheel in dredger No. 3.

The finishing touches are being given to the lately launched barge.

The steamer Herald is expected to arrive next week.

A TEST EXPERIMENT.

Peculiar Power Possessed by a New Medicine.

Of new discoveries there is no end, but one of the most recent, most remarkable and one which will prove invaluable to thousands of people, is a discovery which it is believed will take the place of all other remedies for the cure of those common and obstinate diseases, dyspepsia and stomach troubles. This discovery is not a loudly advertised, secret medicine, but is a scientific combination of wholesome, perfectly harmless vegetable essences, fruit salts, pure pepsin and bismuth.

These remedies are combined in lozenge form, pleasant to take, and will preserve their good qualities indefinitely, whereas all liquid medicines rapidly lose whatever good qualities they may have had as soon as uncorked and exposed to the air.

This preparation is called Stuart's Dyspepsia Tablets, and it is claimed that one of these tablets or lozenges will digest from 800 to 3000 times its own weight of meat, eggs and other wholesome food. And this claim has been proven by actual experiments in the following manner: A hard-boiled egg cut into small pieces was placed in a bottle containing warm water heated to ninety-eight degrees (or blood heat); one of these tablets was then placed in the bottle and the proper temperature mantained for three hours and a half, at the end of which time the egg was as completely digested as it would have been in a healthy stomach. This experiment was undertaken to demonstrate that what it would do in the bottle it would also do in the stomach, hence its unquestionable value in the cure of dyspepsia and weak digestion. Very few people are free from some form of indigestion but scarcely two will have the same symptoms. Some will suffer from distress after eating, bloating from gas in the stomach and bowels, others have acid dyspepsia or heartburn, others palpitation or headaches, sleeplessness, pains in the chest and under shoulder blades, extreme nervousness as in nervous dyspepsia, but they all have the same cause, failure to properly digest what is eaten. The stomach must have rest and assistance and Stuart's Dyspepsia Tablets give it both, by digesting the food for it and in a short time it is restored to its normal action and vigor. At the same time the tablets are so harmless that a child can take them with benefit. This new preparation has already made many astonishing cures, as for instance, the following:

"After using only one package of Stuart's Dyspepsia Tablets, I have received such great and unexpected benefit that I wish to express my sincere gratitude. In fact, it has been six months since I took the package and I have not had one particle of distress or difficulty since. And all this in the face of the fact that the best doctors I consulted told me my case was chronic Dyspepsia and absolutely incurable as I had suffered twenty-five years. I distributed half a dozen packages among my friends here who are very anxious to try this remedy.

"MRS. SARAH A. SKEEL.

"Lynnville, Jasper Co., Mo."

Stuart's Dyspepsia Tablets are sold by druggists everywhere at 50 cents for full sized packages. A little book on Stomach Diseases mailed free, by addressing F. A. Stuart Co., Marshall, Mich.

ARE ALL NEW.

Second Hand or Slighly Used Goods Out of Our Line.

If you have been watching our advertising you have perhaps noted that we are not advertising second-hand pianos or even "slightly used instruments as good as new." Our reason for this is not that we cannot deliver the goods, but that we are selling new instruments at prices which make "slightly used" pianos look like wasteful extravagance. By reason of the number of instruments which have been contracted for by us at the factories, we have been able to get them at figure much below the usual price, and therefore can sell them to you at what would usually be the factory price and which still gives us a reasonable profit. Why should we offer you a "slightly used" piano at a certain figure when we sell you a new and fully guaranteed instrument at the same figure? Such a procedure would not bring us your friendship or insure us your indorsement to your friends.

We said a day to two ago that we could give you the best piano on the market for the money and we can prove it. Not only that, we will let you name the figure, and if we can beat it we will tell you so. We offered you a guaranteed instrument for $145 and while we told you it was not the instrument we preferred to recommend, we also told you it was the best instrument you could buy for the money and it is. If you are figuring on the purchase of a piano for the holidays you will make no mistake in inquiring into the makes we carry. Remember, you are as welcome to look as to buy and we quote you the same price we quoted your neighbor.

MONUMENT MADE WIDOW PENNILESS.

NEW YORK, November 13.—Practically reduced to poverty because the courts insisted on her spending her money to build her husband a monument, Mrs. Elizabeth Weisen has been compelled to file a petition in bankruptcy. Her liabilities are placed at $42,947, with no available assets.

When her husband, a wealthy resident of the Bronx, died two years ago, it was generally thought Mrs. Weisen would be able to live the remainder of her life in peace and comfort. But when his will was opened it was found he had decreed that a magnificent monument be erected for himself and his wife in Woodlawn Cemetery, and that he had the plans drawn. Whether he had over-estimated his wealth or whether he under-estimated the cost of the monument is even now a matter of doubt among his relatives. In either case it was found that the estate would not only be eaten up, but that the widow's own resources would be taxed heavily to carry out her late husband's wishes. Mrs. Weisen appealed to the courts for relief, but it was decided that so far as his estate was capable of bearing the expense his wishes must be carried out. The monument, one of the finest in Woodlawn, has been built and Mrs. Weisen is now worse than penniless.

ARROWSMITH IS IN FULL CHARGE.

William H. Arrowsmith is now the sole proprietor of the photographic studio heretofore conducted under firm name of Dames & Arrowsmith. Mr. Arrowsmith has been in the photographic business in Oakland for many years, and upon Mr. Dames' desire to withdraw from the firm, purchased the other half of the business. Mr. Arrowsmith will continue the business at the same location, Washington street, between Twelfth and Thirteenth streets.

MEXICAN LADY'S JEWELS STOLEN

NEW YORK, November 13.—Mrs. F. M. Ybarez, a wealthy native of Mexico City, and said to be the widow of a member of President Diaz's cabinet has been robbed of jewels valued at $5000 while on a visit to her son in this city. The family is stopping at a private hotel much frequented by Spaniards. There is no clew to the thieves, the jewels having been taken from a dressor while their owner was absent.

Burlington Route

The Best Way East

If you enjoy grand scenery there's only one way for you to go east—via Salt Lake City, Denver and the Burlington Route, the scenic line across the continent.

Burlington tourist cars by this way leave California three times a week for the East. There are no changes or delays—you go right through to Omaha and Chicago, or Kansas City and St. Louis. Connections at these cities for all points beyond.

Scenic attractions are not all—will be glad to tell you about the others. Call if you can, but write me a line if you can't.

PROPOSALS.

Sealed proposals will be received until 2 o'clock p. m. on Monday, November 23rd, 1903, and the same will be opened on said November 23rd, 1903, at the school house of Fruitvale School District, situated on Fruitvale Ave. and Tallant st., at 8 o'clock p. m., for the construction of an eight-room exterior and one room complete in accordance with the plans and specifications, copies of which may be had on application to the Board of Trustees of Fruitvale School District and C. M. Cook, Architect, 1003½ Broadway, Oakland. Each bid must be accompanied by a certified check upon a good and responsible bank for a sum not less than ten per cent of the amount of bid and made payable to W. Taylor Grubb, clerk of the School Board of Fruitvale District, said check to be forfeited to said district in case the successful bidder fails within five days after awarding of the contract to enter into a written contract and to furnish good and sufficient bonds for the faithful performance of said work. The right is reserved to the Board to reject any and all bids should it be deemed in the interest of the district to do so. All bids received after the time stated will be returned unopened to the bidders. Proposals must be enclosed in envelopes, sealed and marked "Proposals for the construction of an eight-room and exterior and one room complete to be situated on Pearman avenue, Fruitvale, California," and addressed to W. Taylor Grubb, Clerk of the School Board of Fruitvale School District, Fruitvale P. O.

ORDINANCE NO.

AN ORDINANCE PROHIBITING THE DISCHARGE OF FIREARMS OF ANY DESCRIPTION ON ANY OF THE COUNTY ROADS, COUNTY BRIDGES OR PUBLIC HIGHWAYS OF ALAMEDA COUNTY OR ANYWHERE WITHIN A DISTANCE OF ONE HUNDRED FEET ON EITHER SIDE OF SAID COUNTY ROADS, COUNTY BRIDGES OR PUBLIC HIGHWAYS AND PROVIDING A PENALTY FOR THE VIOLATION THEREOF.

The Board of Supervisors of the County of Alameda do ordain as follows:

SECTION I.

Every person who in the County of Alameda, State of California, shall discharge firearms of any description whatever on any of the County Roads, County Bridges or Public Highways of Alameda County, or anywhere within a distance of one hundred feet on either side of said County Roads, County Bridges or Public Highways, shall be guilty of a misdemeanor and for each offense must be fined in a sum not less than twenty-five dollars nor more than one hundred dollars, or imprisoned in the County Jail for a period of not less than twenty-five days or more than one hundred days, or both such fine and imprisonment.

SECTION II.

This ordinance shall take effect fifteen days after its passage.

Passed and adopted at a regular meeting of the Board of Supervisors of Alameda County this 2nd day of November, 1903, by the following vote:

Ayes — Supervisors Horner, Kelley, Rowe, Talcott and Chairman Mitchell—5.
Noes—None.

JOHN MITCHELL,
Chairman of said Board of Supervisors of Alameda County, California.
Attest: (Seal) JOHN P. COOK,
Clerk.

ORDER TO SHOW CAUSE.

In the Superior Court of the State of California, in and for the County of Alameda.

In the matter of the estate of ALVIN D. WILDER JR., a Minor.—No. 8791; Dept. 4.

Order to show cause why order for sale of real estate should not be made.

It appearing to me, S. P. Hall, Judge of the Superior Court of the State of California, in and for the County of Alameda, by the verified petition this day presented and filed by Anna Ruth Wilder, guardian of the estate of Alvin D. Wilder Jr., a minor, praying for an order of sale of real estate, that it is necessary to sell the whole of the real estate belonging to the said estate to pay the expenses of said minor in completing his education and for his support and maintenance, and to pay the debts, expenses and charges of this guardianship; and that it is for the interest of said minor that said real property be sold;

IT IS HEREBY ORDERED that all persons interested in the estate of said minor appear before this court on Tuesday, the 8th day of December, 1903, at ten o'clock in the forenoon of said day, at the court-room of said Superior Court, at the Court House in the City of Oakland, to show cause why an order should not be granted to said guardian to sell the real estate belonging to said minor;

AND IT IS FURTHER ORDERED that a copy of this order be published at least once a week for at least four successive weeks in the Oakland Tribune, a newspaper printed and published in said County of Alameda.

Dated November 6th, 1903.

S. P. HALL,
Judge of the Superior Court.

From Despondency to Health.

North Alton, Ill. June 9, 1903.

A few months ago my health seemed to break down altogether. I had a complete collapse and nature refused to sustain me any longer. I lost my appetite, could not sleep and was in the very slough of despondency, which was greatly aggravated at the menstrual period. Our physician was unable to give me anything which was of the least benefit to me and I kept getting worse and was very nervous and hysterical.

A friend who had used Wine of Cardui suggested that I try it. So I sent for some and within two days after I started to use it I felt a great deal better. I could sleep at night and gradually the nervousness passed away. I became strong and had no pain at the period.

I am now enjoying the best of health due to the merits of Wine of Cardui for which I am deeply grateful.

Catharine E. Molloy

WINE of CARDUI

There are hundreds of women in this city today who need Wine of Cardui and they would not hesitate a moment to take it if they only knew what a record it has made. Day after day and year after year letters like this one, praising Wine of Cardui, have appeared in the papers of this land and hundreds of thousands of sick women have secured relief from painful and irregular menstruation, leucorrhœa and bearing down pains by following the advice given.

Can any fair minded woman refuse to take the testimony of ten thousand of her sisters who have suffered just as she and then have been completely cured? Who can fairly say "Wine of Cardui will not help me" with such facts before her? Wine of Cardui is a pure vegetable extract that is so mild and simple in nature that a girl can take it with benefit when threatened with early menstrual disorders. Older women are cured of the more serious menstrual troubles, bearing down pains and leucorrhœa. For the troubles at childbirth and for middle-aged women at the change of life—Wine of Cardui meets every crisis in the life of a woman.

EAR HAS BEEN SELECTED.

GERMAN RESTAURANT KEEPER TO GET $5,000 FOR HIS ORGAN.

NEW YORK, November 13.—Search by a local physician and surgeon for a human right ear of a certain shape and size, the owner of which was willing to part with the organ in return for $5000, has been concluded. Hundreds of persons applied in answer to the doctor's advertisement. Each was examined and the right man was found in the person of a German restaurant keeper whose turn of ill-fortune recently had made him ready to sacrifice both ears if necessary. The man to whom the ear will be transferred is a wealthy Western mine owner who lost his ear in an accident several years ago.

The miner having acquired riches, now wishes to marry and wants to have his beauty restored first. The German will present himself at the physician's house this morning to sign an agreement formally relinquishing his right and title to the ear on receipt of the money and will begin a course of training to fit the patient for the operation on Tuesday. The man is forty years old, has never been ill, but has had lots of hard luck. He has undergone operations before, having had two fingers shot off.

In the case of the German failing to keep his agreement an alternate has been selected. He is an Englishman 39 years of age, who is said to have been a broker, but whose partner fleeced him of all his property.

CHANGES NAMES OF VESSELS.

SEATTLE, Wash., November 13.—A letter received here from Shanghai states that Russia is constantly changing the names of her war vessels to create confusion and uncertainty concerning the movements of the ships. The same letter adds that both Russia and Japan are actively pushing preparations for war.

TO TEACH GAELIC IN BOSTON HIGH SCHOOLS

BOSTON, November 13.—A resolution calling on the School committee to have Gaelic taught in the Boston schools has been passed by both branches of the city council.

Leaders of the other races in the city declare if Gaelic is introduced they will demand that their own languages also be taught, so it is quite likely the matter will go no further.

POLICY MAN CAUGHT.

NEW YORK, November 13.—Agents of the Anti-Policy Society have just made what they say is the biggest capture since the raid on "Al" Adams, who is now serving a sentence in State's prison. The prisoner is known as John H. Jones. When the raiders broke in on Jones they say he was in the act of footing up the profits for half a day's play in a string of seventeen policy shops he is alleged to have conducted in various sections of the city. The figures gave a total of $297, all of which was profit except $15. Pennies of the poor made up this sum, as the sheets showed that not a single play exceeded ten cents.

Jones was traced by the society detectives through runners said to have been in his employ. He was found in an East Houston street tenement house. Several other arrests were made in other parts of the city soon afterward. Three men, however, were acting merely as agents for some central shop.

BOARD OF EDUCATION.

Notices have been sent out of a regular meeting of the City Board of Education, which will be held at the board rooms in the City Hall next Monday evening, November 16.

MANY DOCUMENTS FILED.

WHAT THE FIGURES AT THE COUNTY RECORDER'S OFFICE SHOW.

Figures just completed by County Recorder Grim show unusual activity in the transfering of property in Alameda county, and it is reasonable to suppose that such activity is a result of an unusually prosperous season. The month of October surpassed any preceding month in the history of the county in the recording of official documents. A comparison of the business done since January of this year with the same months last year, gives an idea of the increase in the volume of business and how far the month just past has surpassed all previous months:

SHIPBUILDER CRAMP SELLS HIS HOUSEHOLD GOODS.

PHILADELPHIA, November 13.—The picture in the world-famed are collection of Charles H. Cramp, the shipbuilder, will be sold today at auction. The sales have been in progress several days and most of the works went at a great sacrifice. This sale precedes the closing of the Cramp mansion, which adjoins the late residence of Mrs. Edward Willing, mother of Mrs. John Jacob Astor. It stands in Rittenhouse Square, the most aristocratic quarter of the city. No explanation of Mr. Cramp's action in closing his home has been made public.

CLEVER TICKET FORGERS ARRESTED.

CHICAGO, Nov. 13.—H. L. Kaines, alias C. H. Miller, and H. L. Scott, said by the police to be two of the cleverest railway ticket forgers in the country, were arrested last night. Stamps, chemicals for altering tickets and blank order slips were found in their room by the police.

Among the complainants against the prisoners are R. F. Mahone, general passenger agent of the Chicago, Great Western Railway; H. E. Smith, general passenger agent of the Chicago, Milwaukee and St. Paul, and Passenger Agent Housner of the Michigan Central. As a result of the arrests a number of ticket scalpers' offices will be searched today.

The men, it is alleged, secured thousands of dollars worth of transportation from the different roads by presenting a forged letter purporting to be issued by the superintendent of the Mexican Central Railroad. The letter stated that Kaines was a railroad employe on a furlough. It was addressed to the passenger agents of the railways requesting them to furnish the bearer with transportation.

According to the police the prisoners have operated all over the country, employed the same methods, it is alleged, in St. Paul, Kansas City, Omaha, Milwaukee and Cincinnati.

The Western Passenger Association will prosecute the cases against the prisoners. It is alleged that they were making a business of furnishing clearance cards and letters of recommendation for employes of the various lines throughout the country as a means of defrauding the railroads of transportation.

WOULD ENFORCE ALLEGED CONTRACTS.

Three suits have been instituted for the enforcement of contract, which, it is alleged, have been repudiated after money had been paid upon them.

C. Hansen, in a filed complaint, represents that on October 19 in Alameda, he was the highest bidder at an auction conducted by Easton, Eldridge & Co., and that a parcel of land at 2130 Schiller street was sold to him for $2800. He paid $230 on account and was given a receipt, but when he, on October 30th, offered the first installment of $570, Reinhold E. Bauske, who had owned the realty, refused to accept the money.

Benjamin F. Lewis and wife, Lettie A. Lewis, have sued Taylor Brothers & Co., alleging that they bargained with defendants to purchase four flats on West street for $15,000, and paid $500 on account, with the proviso that if within a certain time they did not decide to pay the remaining amounts $400 of the deposit was to be returned. They decided to back out of the bargain and demanded the $400 back, but assert it has been retained.

Hunt, Hatch & Co., produce dealers and commission men, tell of a grievance in a complaint filed today, in which O. Wright of Davisville is sued for $2570 damages. According to the allegations, plaintiffs, on September 17, purchased a lot of Muscat grapes for $550 from Wright, paying $10 to bind the bargain. On September 19, when the balance of the purchase money was offered to Wright, he refused to accept it.

RUSSIAN STEAMSHIP LINE TO AMERICA ALMOST READY.

NEW YORK, November 13.—The opening of the new Russian steamship line to America has been fixed for November 24, says a Times dispatch from Moscow. Cargo has been booked from South Russian ports and a satisfactory complement of emigrants has been secured at Naples. It is stated that the terms with the Italian emigrant authorities are satisfactory. The service will be inaugurated by volunteer fleet vessels. This is the first long-distance Russian steamship line except that between Russian ports and the Far East.

NEW HAMPSHIRE LIQUOR LAW.

NASHUA, N. H., Nov. 13.—Chief of Police Healey of Manchester, will today post in the saloons another list of 450 citizens who are not to be sold liquor. This is done under the new State law. A week ago the chief posted 150 names. He declares that any person who buys grog for the prohibited founders will be added to the list.

PRESIDENT WOULD LEAVE BOGOTA.

NEW YORK, Nov. 13.—It is expected here, says a Herald dispatch from Panama, that President Marroquin is trying to leave Bogota. There is great excitement and the American legation, which is surrounded, is protected by Colombian troops.

ON THE FARM.

HOW NATURE PROVIDES FOR US.

The most independent man on earth is the farmer, for he makes the earth yield him almost everything needed for life. He knows that as he sows so will he reap. He usually keeps strong and healthy from constant strife with nature—in sunshine and in pure air. At sundown, when work is done, he finds most refreshing sleep in bed, such as only a tired man knows. In the same way that the earth yields food for man, so does it provide remedies for human ills. Thousands of households throughout the farming districts of the United States know the value of Dr. Pierce's Golden Medical Discovery. It is nature's most valuable and health-giving agent—made without the use of alcohol. It contains roots, herbs and barks, and is the concentration of nature's vitality as found in the fields and woods. This remedy has a history which speaks well for it because it was given to the public by Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., nearly forty years ago, and has since been sold by druggists in ever increasing quantities. Some medicines, tonics or compounds, enjoy a large sale for a few years, then disappear from the public attention, but Doctor Pierce's Golden Medical Discovery has proved such a reliable blood remedy and tonic that it often enjoys the confidence of several generations in a family, and its increased sales year by year coming from the recommendations of those who have tried it, prove its lasting merit, so that every bottle bears the stamp of public approval. Every other well-known blood-maker and tonic for the stomach that we know of contains alcohol, but Dr. Pierce guarantees that no alcohol is contained in his "Medical Discovery." This remedy works in the natural way, for it corrects the irregularities of the stomach by promoting digestion and assimilation. The blood is cleansed and fed on proper nourishment, the nerves get rich red blood, and in consequence nervous troubles disappear, for they are often due to improper nourishment. Neuralgia is the cry of the starved nerves for food. Feed the nerves on pure rich blood and nervous symptoms will disappear. The result of indigestion and dyspepsia is that the person's blood becomes thin and watery because it is not fed on that nourishment which it should take from the food, and the person becomes nervous and sleepless. All such persons we advise taking the "Golden Medical Discovery" three times a day. Modern science is teaching us that those things which appeal to the appetite the most are the most easily digested. Not all digestions are alike, and "what is one man's meat is another man's poison." Any food which you crave and long for will be easily digested if you do not think about it and do not permit others to dissuade you from it. On the appearance of any food which you have a longing for the secretion of saliva and the gastric juices will be increased and the *stomach will take care of the rest.* Don't make meals of bran-bread or some innutritious "mush," but take some highly nutritious food such as rare beef, and give the digestive apparatus something to work upon. The stomach becomes weakened if given no exercise, just as the muscles of the other parts of the body. For those suffering from indigestion, Dr. Pierce's "Medical Discovery" gives a healthy tone to the stomach, liver, blood and heart. Drink plenty of water between meals—hot water on arising in the morning, and three doses of "Discovery" per day, and we guarantee that you will be able to eat anything you like after a month or two. At the same time, you are putting your body in such a healthful condition that you are capable of warding off the attack of any germ disease. With proper food for the stomach, pure air for the lungs, exercise and cleanliness at all times, one gets proper nourishment for nerves, lungs, heart and liver, and by stimulating the organs into activity with Dr. Pierce's Golden Medical Discovery when necessary, you can *laugh at disease.*

"This is to certify that I have used Dr. Pierce's Golden Medical Discovery and think it's the grandest medicine in the world," writes Mrs. V. M. Young, of Weir, W. Va. "I took down sick and called in our physician and he gave me medicine but I grew worse. He said I had dyspepsia in its worst form. I decided to try your medicine and began to improve. I used five bottles of the 'Golden Medical Discovery' and three of 'Favorite Prescription,' and now am doing my own housework. A number of my lady friends also are using Dr. Pierce's medicine and they recommend it highly. May God bless and prosper you in your grand work."

Mrs. Robt. Lambden, of Havana, N. Dak., Box 94, writes: "No one can tell how much I suffered with my leg. It was so bad for a year I could hardly walk around to do my work, and at times couldn't even bear the weight of a sheet over me at night, but your medicines cured me. My leg is quite well again. After I had taken two bottles of Dr. Pierce's Golden Medical Discovery, I began to feel very different, and kept getting better. Took nine bottles of 'Golden Medical Discovery,' also used Dr. Pierce's All-Healing Salve, and now my leg is as well as it ever was. Am willing every one should know what good your medicines have done, and would advise any one suffering as I did to try the same treatment. I think and feel sure it will help them.

DO YOU KNOW YOUR OWN SYSTEM? A complete medical book and physiology of the body, is Dr. Pierce's Common Sense Medical Adviser, which can be had for the price of postage, 21 one-cent stamps for the cloth-bound book, or 21 stamps for the paper-bound volume of 1008 pages. Address Dr. R. V. Pierce, Buffalo, N. Y.

TRADE REVIEW OF THE WEEK.

FEELING IS UNSETTLED AND DEALERS ARE CONSERVATIVE.

NEW YORK, November 13.—Special telegrams regarding the state of trade from correspondents of the International Mercantile Agency throughout the United States and the Dominion of Canada are summarized as follows:

The week has been marked by somewhat unsettled feeling and renewed conservatism in commercial circles. Distribution of staples is smaller than a week ago at Chicago and materially so at Pittsburg, where industrial activity has improved except for millinery. Cooler weather has improved trade in New England, except for jobbers, where the season is ended. Warm weather has dulled demand at Baltimore and at Louisville.

Collections are rather slow in territory tributary to St. Paul, but in the cotton regions they are growing easier. Plowmakers report a good business, but moderate collections. Kentucky has a medium tobacco crop, but prices are better than last year. Philadelphia merchants say trade in staples is smaller. October lumber shipments from Minneapolis were the largest of any month this year.

Encouragement is felt at the new policy of the steel trust. Consumers will no longer have to go abroad for steel. Ten thousand tons of rails have been sold to go to China. More mills are opening and some are closing temporarily. The Colorado coal strike offsets the settlement of Montana's copper war. Fall River's wage cut was not altogether unexpected. Makers of prints have been losing money at late prices for material, but high cotton is making foreign exchange fast now that Europe is demanding all it can get regardless of price, the most significant financial feature of the week, with cotton and not steel as king. Tight money has checked the rising demand for bonds, but shrewd people are making large investments at bottom prices. Trade conditions at Montreal are about the average and the demand for seasonable goods is fair. Mild weather at Toronto has checked the distribution, but dealers report the beginning of holiday trade in fancy goods and jewelry. Canadian lumber output will be less this year than last owing to the scarcity of labor. Canadian banks are loaning money in the United States, which makes it more difficult to secure funds here.

ELEVEN HOURS FOR STUDY.

ITHACA, N. Y., Nov. 13.—At a mass meeting of Cornell freshman, President J. G. Schurmann has told the young students how he thinks they should study. Their study, he said, ought to be divided as follows:

Eleven hours study, two hours for meals, two hours for athletics, one hour for recreation and the remaining eight hours for sleep.

President Schurman said that not much work was accomplished on the soft chair, and urgently advised the use of an ordinary hard wood chair for study purposes.

Bright's Disease and Diabetes News.

SAN FRANCISCO, Nov. 9, 1903.—We are permitted this week to record the recovery of Mr. William Pettit of 1240 Mission street, known in business circles in this city. He was failing, and as the disease was of a progressive character an examination was made by his physicians, who discovered that it was diabetes, and told him that he could not get well. He put himself on the Fulton Compound, has recovered and now permits this announcement. To now meet him on the street one would never suspect he had ever had a supposedly incurable disease.

Mr. R. Petry of 842 Oak street, Alameda, also permits us to refer to his case. He is connected with the McNicoll Elevator Works of this city. Eight months ago progressive emaciation developed. He grew so weak that he was unable to carry all his tools. When he had lost twenty pounds the symptoms were all so suggestive of Bright's Disease that friends urged Fulton's Compound. He is now on his ninth week of the treatment and reports the total disappearance of all the symptoms and that he has regained his normal weight and strength and is well again.

If you have Bright's Disease or Diabetes send for literature to the Jno. J. Fulton Co., 409 Washington street, San Francisco, sole compounders of the only cure in the world for Chronic Bright's Disease and Diabetes. Recoveries in about 87 per cent of all cases. You know of some one who has one of these diseases and has given up hope, believing he is incurable. Help him and his family by mailing this notice to them.

QUIET WEDDING.

On Wednesday evening Mary F. Macintire of this city became the bride of Joseph T. Picard of San Francisco. The ceremony was performed at the home of the bride's parents, 366 Tenth street, by Rev. Dr. Baker, in the presence of a few intimate friends and relatives. At the conclusion of the ceremony a wedding dinner was served. The happy couple will make their future home in San Francisco.

MRS. GORRILL'S LUNCHEON.

The luncheon given yesterday afternoon by Mrs. R. W. Gorill at her home on Hillside avenue in honor of Mrs. La Fayette de Friese was a very enjoyable affair. The invited guests were Mrs. Lafayette de Friese, Mrs. W. T. Goodfellow, Mrs. E. H. Kittridge, Mrs. Hayward G. Thomas, Mrs. Minor Goodall, Mrs. Frank Smith, Mrs. Pedar Sather, Mrs. T. L. Barker, Mrs. Q. A. Chase, Mrs. Thomas Crellin, Mrs. Paul Lohse, Mrs. Henry Clay Taft and Mrs. T. C. Coogan.

ENGAGEMENT.

Mr. and Mrs. Edward A. Randlett of Alameda have announced the engagement of their son, Charles A. Randlett, to Miss Anna Louise Guenther of Sacramento. The wedding will be solemnized in the German Lutheran Church of Sacramento on November 25.

MRS. BUTTERS RETURNS.

Mrs. Henry A. Butters has returned from New York and is at her home at Alta Vista. She was accompanied by Mrs. Monroe Salisbury, one of her most intimate and warmest friends.

FANCY DRESS DINNER.

Mrs. Edward Lacey Brayton is planning a farewell dinner to be given in honor of her cousin, Miss Georgiana Lacey, who sails on November 18, for the Hawaiian Islands. The dinner will be a fancy dress affair and will be given tomorrow evening at Mrs. Brayton's pretty home on Alice street. Among the invited guests will be Miss Florence Hush, Miss Alice Knowles, Miss Ruth Knowles, Miss Taft, Miss Caroline Little, Miss Bessie Palmer and Miss Viva Nicholson.

TRUSTEES' LUNCHEON.

The trustees of the Cottage Homes in East Oakland had a very enjoyable luncheon yesterday afternoon, the occasion being the regular monthly meeting of the ladies in whose care the executive work is intrusted. Associated with Mrs. F. M. Smith, the leader of this charitable work, are Mrs. C. R. Brown, the first vice president; Mrs. J. K. McLean, second vice president; Dr. Anita C. Buckle, third vice president; Mrs. C. L. Chamberlain, the secretary, and Mrs. Giles Gray, the treasurer; Mrs. J. M. Brock, Mrs. Edward M. Walsh, Mrs. T. L. Barker, Miss Mary Alexander, Miss Marion Smith, Miss Nightingale, Miss Bridge and Miss Grace Sperry.

INFORMAL LUNCHEON.

Miss Florence Nightingale is planning an informal luncheon for Tuesday, November 17. A few of the younger set will be invited and the affair will be one of the pleasant events of next week at Arbor Villa.

ROYAL ARCANUM.

Sierra Council, No. 1642, R. A., has issued invitations for a ladies' night, to be given in Foresters' Hall, Thirteenth and Clay streets, on Monday evening, November 23.

A high-class entertainment will be provided, refreshments will also be served and the affair will conclude with a dance. The committee expects to secure the services of the celebrated lady cake-walkers from Golden Gate.

HILL CLUB.

The Blackstone Hill Club will meet next Monday at the home of Mrs. Frank Adams. These meetings are always very enjoyable affairs, and whatever their social engagements may be, the members of this club always plan to save one day in every two weeks to play "Five Hundred."

HAD A BANQUET.

Oakland Lodge, No. 162, I. O. G. T., held its regular session Friday, November 6. The following officers were installed by the lodge deputy, J. H. Robins: P. C. T., R. McKinnon; C. T., Frank Cowan; S. J. Worl, Miss Grace Cowan; S. T., Miss I. Clayton; secretary, W. E. Evans, financial secretary, Mrs. C. Crowhurst; treasurer, Miss E. Fultz; chaplain, Mrs. L. Osburn; marshal, A. Waters; deputy marshal, Miss A. Reed; guard, Roy Sampson; sentinel, Miss M. Reed; pianist, F. E. Crowhurst.

After installation during the recess, a grand march was formed, led by the captains of sides I and U. The members then proceeded to the banquet room, where side U, the defeated side, had prepared a banquet. The menu was as follows: Clam chowder, salad, crackers, fruit pudding, cake, fruit, nuts, candy, black coffee.

The membership contest prize of $5 was awarded to Miss E. Loughridge, Judge W. S. Williams, the donor of the above, offered prizes of $5 and $3 for the coming quarter.

WILL GIVE AN AT HOME.

Mrs. Reginald D. Holmes is planning a delightful "at home," to be given Saturday, November 14, from 3 to 5 in the afternoon, complimentary to Miss Marie Lawler of Portland, Oregon, and to Miss Elinor Crondace of San Francisco. The affair will be given at the residence of Mrs. Reginald D. Holmes on Thirty-eighth street.

Miss Elinor Crondace is a popular member of the California Club and has a host of friends. Miss Lawler is visiting from Portland, Oregon, and will be guest at a series of pleasant affairs.

Among those invited for Saturday afternoon are: Mrs. W. B. Thomen, Mrs. W. E. Rollins, Mrs. Harry Ellis, Mrs. T. W. Crondace, Miss Elinor Crondace, Mrs. William Benedict, Mrs. G. F. Parsons of San Francisco, Miss Stevens, Miss Nettie Stevens, Mrs. Raymond Kitchener, Miss Agnes Gilligan, Miss Gertrude Williams, Miss Mary Roberts, Mrs. R. W. Roberts of San Francisco, Mrs. Clark Spencer of Alameda, Mrs. W. M. Beckwith.

LADIES OF THE MACCABEES.

The whist tournament given by Oakland Hive, No. 14, last Friday evening was the most successful one of the season. The hall in Maccabee Temple, was filled to its capacity and ten prizes were distributed to the successful players, after which dancing was enjoyed by many.

The next tournament will be held on Friday evening, December 14.

The ninth annual ball of Oakland Hive, No. 14, L. O. T. M., and Oakland Tent, No. 17, K. O. T. M., which takes place tonight at Maple Hall, promises to eclipse all former occasions of its kind in every respect. The committee has completed all arrangements, which insures the comfort of our guests.

At tomorrow evening's review many applications will be passed upon. After the revew the "Miranda" now in possession of Lady Wenban, will be disposed of.

PRIZE MASQUERADE.

California Lodge, No. 2, Hermann's Sons are preparing for their prize masquerade ball to be given tomorrow evening in Germania Hall. It promises to be a great success and the members announce that the prizes offered on the occasion will be for their guests only. A large number of people are interested and there will be great competition for the prizes to be awarded tomorrow, Saturday, at midnight.

TWO LUNCHEONS.

Miss Pauline and Miss Ione Fore are planning two luncheons to be given in the near future, one on November 19 and the other on November 25. The guest of honor at both affairs will be Mrs. Conde-Jones, who is here on a visit. The guests at the first affair will be chosen from among the young matrons, friends of Mrs. Conde-Jones and the second will be enjoyed by the girl friends of the trio. Among those invited appears the following names:

Mrs. Seto Lindsay, Mrs. William Watt, Mrs. Harry Farr, Mrs. Beach Soule, Mrs. Wickham Havens, Mrs. Montell Taylor, and Miss Jacqueline Moore, Miss Ethel Valentine, Miss Noell de Golia, Miss Edna Barry, Miss Claire Chabot, Miss Grace Baldwin, Miss Grace Sanborn, Miss Jane Crellin, Miss Chrissie Taft, Miss Gertrude Allen, Miss Edith Selby, Miss Edith Gaskill, Miss Jane Rawlings, Miss Marietta Havens, Miss Florence Hush, Miss Ruth Knowles, Miss Alice Knowles, Miss Elsie Marwedel, Miss Bessie Palmer, Miss Mae Young.

WILL PLAY CARDS.

Mrs. Seth Mann is planning a large card party to be given at her home on Magnolia street, Saturday, November 21. About one hundred invitations have been issued and a very delightful afternoon is anticipated. "Five Hundred" is the game decided upon for the event.

MRS. GORRILL IS HOSTESS.

Mrs. R. W. Gorrill was hostess at a pretty luncheon yesterday afternoon given at her home on Hillside avenue with Mrs. Lafayette de Friese as guest of honor. The decorations were graceful nodding carnations against a background of delicate ferns and the shaded candelabra threw a warm rosy glow over the pretty scene. Those who participated in the dainty luncheon, old friends of Mrs. de Friese and of her sister Mrs. Kittridge, were the following:

Mrs. Lafayette de Friese, Mrs. W. T. Goodfellow, Mrs. E. H. Kittredge, Mrs. Hayward G. Thomas, Mrs. Minor Goodall, Mrs. Frank Smith, Mrs. Pedar Sather, Mrs. T. L. Barker, Mrs. I. A. Chase, Mrs. Thomas Crellin, Mrs. Paul Lohse, Mrs. Henry Clay Taft, and Mrs. T. C. Coogan.

Things Seasonable for Men

NOTES OF A FEW OF KELLERS' LINES, EACH OF WHICH IS NOTEWORTHY BECAUSE OF ITS QUALITY, STYLE AND PRICE ECONOMY.

Seasonable Underwear

with such weather as we have had this week underwear means health. It must be carefully selected—must be right. The right kind for every temperament is here.

from 1.00 a Suit

Agents for Dr. Deimel's linen mesh underwear.

Seasonable Hats

A Keller innovation is to sell this season's newest stiff and soft $2.50 hats for

1.95

Just see if other stores don't charge $2.50 for these hats. But with Keller's offer why pay more than $1.95.

Sole agents for Hawes' famous $3.00 hats.

Gloves--1.00

Keller's gloves for men at one dollar are equal to many gloves sold elsewhere for $1.50.

These $1.00 gloves are made of strong cape skin, are well sewn, the finger tips being reinforced; they are shaped right which assists durability—they haven't a fault.

Men's Warm Night Shirts

Made of heavy flannelette and just full of comfort. As sleep-inducers they are all right—and stylish withal.

Umbrellas

It is a fact that good umbrellas were never so cheap as now. There are good umbrellas at Keller's for

50c

and better ones up to $20.00.

New Hose for Men

Every man has an idea of the kind of hosiery he likes. He may not find it in every store but more find it in the Keller store than anywhere else.

Splendid hose at 25c pair, equal to such sold in other stores at twice the money.

Other grades of hose up to $1.50.

WANTS INVASION STOPPED

LIVERNASH THINKS PRESIDENT IS INVADING PEROGATIVE.

WASHINGTON, Nov. 18. — When the House met today Mr. Payne of New York, chairman of the Committee on Ways and Means, reported the Cuban bill and gave notice that on Monday he would call it up for consideration. By unanimous consent the minority of the Ways and Means Committee were given further time to submit a minority report. Immediately after the reading of the journal, Mr. Livernash of California arose to a question of personal privilege. Reading from manuscript, he began by saying:

"Indications are that in the Panama-Colombia matter the president is invading a constitutional prerogative of the Congress, and it seems of high importance the dignity and authority of this House that both be dispelled forthwith."

Mr. Payne rose to a point of order and insisted that the question of privilege be stated first. The speaker suggested that a resolution would inform the House as to what question the speaker desired to present. He finally sustained the point of order, cries of "regular order" being heard on the Republican side. On motion of Mr. Payne, the House adjourned.
